GREAT MILITARY GAMBLE WINS

BROADENED JOBLESS COMPENSATION ACT URGED BY PRESIDENT

CAPITOL HILL ALSO HEARD PROMISE BY NAVY THAT MANY MEN BE RELEASED

WASHINGTON, Sept. 17.—(AP)—President Truman swung his influence in congress today in behalf of broadened unemployment compensation legislation.

The capitol also heard a promise from the Navy that 764,000 enlisted men and 75,000 officers will be released from service by Christmas.

The jobless aid bill, scheduled for action in th esenate tomorrow, has been the target of verbal brickbats from some senators, but Mr. Truman made it plain to congressional leaders at a White House conference this morning that he wants the broadest possible bill enacted.

Senate Majority Leader Barkley (Ky.) told reporters Mr. Truman emphasized he still wanted his original proposal of compensation up to $25 a week for 26 weeks. Barkley added that "the legislation will have to be fought out on the floor."

Barley, Senator McKellar (D-Tenn), Senator George (D-Ga), Speaker Rayburn (D-Tex) and House Majority Leader McCormack of Massachusetts also discussed with the president the so-called full employment bill, legislation setting up a single surplus property administrator and reorganization of government agencies.

Makes Navy Pledge

Vice Admiral Louis E. Denfield, chief of personnel, made the pledge of Navy discharges to the senate military committee. Denfield said demobilization is moving as swiftly as military needs, transportation and separation facilities will permit.

Apples and brickbats dotted the congressional scene today.

The apples—figurative ones—are inducements the house military committee wants to hold out to men now in uniform to sign up for another hitch in the Army and Navy. The inducement bill come up for house action today. It may touch off a full-scale draft-demobilization fight.

The brickbats — verbal ones—were tossed out by Senator Clyde M. Reed (R-Kan). His target: the often swiped-at jobless aid bill. It comes up in the senate tomorrow.

Other Matters

Otherwise cogressional attention was divided between:

1. Taxes—How much to cut present wartime rates? And what to do about those often "frozen" payroll levies?

2. Pearl Harbor—Will the 10-member investigating committee

See CONGRESS, Page 3

PRESIDENT TRUMAN URGES ACTION UPON UNEMPLOYMENT BILL

CAPITOL HILL BIG FOUR CALLED TO WHITE HOUSE MONDAY MORNING

WASHINGTON, Sept. 17—(AP)—President Truman urged congressional leaders today to redouble their efforts to expediate the broadest possible unemployment compensaton bill.

With the Senate scheduled to take up the legislation tomorrow, the President reviewed the outlook with his Capitol Hill big four and chairman George (D-Ga) of the Senate Finance Committee.

He also discussed labor troubles with his congressional visitors but only in a general way and very briefly. He planned to look into this problem more specifically in conferences with labor advisers later in the week.

Senate majority leader Barkley (Ky) said the conference also dealt with the so-called full employment bill, legislation setting up a single surplus property administrator and a measure to give the President authority to reorganize government agencies for the postwar period.

"We went over the situation regarding the unemployment compensation bill, coming up in the Senate tomorrow," Barkley told reporters.

"The President is most anxious that we get an effective bill through as soon as possible. He wants it to cover as many workers as possible and to be as effective as possible to meet the emergency created by the roconversion problems. We are hopeful that we can get some effective legislation. There will be some amendments offered and the legislation will have to be fought out on the floor."

Seeks Approval of His Plan

Barkley emphasized that the President said he still wanted his original proposal — compensation up to a maximum of $25 a week for a period of 26 weeks. He also wants coverage of federal employees and some other groups not eligible for compensation.

Others who talked with the President were Senator McKellar President pro tem of the Senate

ANOTHER ATROCITY STORY INVOLVING JAPANESE IS TOLD

FIVE AMERICANS KILLED BECAUSE THEY WERE FLIERS; THREE BEHEADED

By The Associated Press

Five Americans were killed because they were fliers, and three others were beheaded after they were marched through Japanese streets bearing signs "these are the American devils who bombed us," Maj. John A. Singlaub of Sherman Oaks, Calif., related at Hong Kong today in one of a series of fresh atrocity stories.

An Australian army intelligence report issued at Melbourne said that of 3,500 British and Australian prisoners taken to Borneo, only six are known to be alive.

Last January, the Melbourne report said 203 prisoners died of 450 sent on a death march through the Borneo mountains. Another death march claimed 353 lives out of 536 men and the others died later or were killed.

At Darwin, Australia, Pvt. J. W. Larkin, in an interview, gave new details of the abuse of Gen. Jonathan M. Wainwright, commander at the surrender of Corregidor, and Lt. Gen. Sir Arthur Percival, commander at the fall of Singapore.

Wainwright Refuses Comment

(Wainwright has declined commenton beatings he and other high ranking Allied officers were said to have received).

"All of them, incuding Wainwright and Percival, had to go on morning parade with the rest of the prisoners of war and were often struck by the inspecting Sargeant Major, who always carried a bamboo cane," said Larkin. He was liberated from a Formosa prison.

"The General had to stand at attention whenever a Jap passed, irrespective of his rank. One day, when Maj. Gen. Keys had charge of a working party consisting of Generals only, he ordered them to

GENERAL MACARTHUR TO DRIVE HOME FACT OF JAPANESE DEFEAT

By RUSSELL BRINES.

TOKYO, Sept. 17.—(AP)—General MacArthur instituted today a broad American information program to convince every Japanese of the empire's defeat, of its war guilt, to eliminate militarism and to encourage democratic principles.

The direct information program will employ the Japanese press, radio and schools.

The army forces in the Pacific psychological warfare branch has been converted into an "information dissemination section" under Brig. Gen. Bonner F. Feller, MacArthur's military secretary.

Five points will be stressed, said the announcement, to:

"1. Aid in eradicating militarism and ultra nationalism.

"2. Make clear the fact of Japan's defeat and acquaint the Japanese with their responsibility for the war, atrocities committed by their armies, and with the war guilt of their leaders.

"3. Foster a sound economy and encourage democratic organization.

"4. Encourage a free government responsible to the people.

"5. Promote political civil liberties, the free right for assembly, public discussions, education, free elections and respect for human rights."

At the outset the information dissemination section will operate through the Japanese board of information, contacting representatives of Japanese publications, radio, movie distributors and schools. The board of information was utilized by militarists before and during the war to spread domestic and international propaganda.

TROPICAL STORM IS MOVING NORTHWARD IN SOUTH CAROLINA

FLORIDA DAMAGE ESTIMATED AT $50,000,000; THREE LIVES LOST

MIAMI, Fla., Sept. 17—(AP)—The tropical storm that swept Southern Florida with an estimated $50,000,000 property damage moved across the coast to South Carolina with the center near Parris Island, the U. S. weather bureau in Miami reported at 9:30 a. m. (CWT) today.

The storm appeared to be losing its fury as it headed north, and the weather bureau said hurricane warnings would be lowered at noon today south of Cape Hatteras to Brunswick, Ga.

"Storm is now centered over land about 30 miles west of Charleston, S. C., moving almost due northward," the advisory said.

The U. S. weather bureau at Atlanta said there was a strong likelihood that the storm would spend itself in South Carolina and that the upper Eastern coast would not be affected.

Teached 143 Miles Per Hour

At its peak, the hurricane reached a velocity of 143 m. p. h. In roaring across the Florida Keys at Largo, hit 99 m. p. h. In Miami, took a toll of three known dead and wrecked or damaged thousands of homes.

The great three-hangar navy blimp base at Richmond, 30 miles from Miami, was destroyed when fire broke out during the height of the storm.

The hurricane, which had lost some of its force as it raced north, was described as "a small but intense storm." The velocity of its winds, about 60 miles per hour with gusts near the center exceeding 75 miles, was expected to increase along the Carolina coast.

Residents from Brunswick, Ga., to Hatteras, N. C., battened down on prepared to evacuate low-lying coastal areas as twin red and black hurricane signals were hoisted between the two points.

To Cause Gales

A weather bureau advisory said the hurricane will cause gales today and tonight reaching 50 to 60 miles an hour from the Virginia Capes southward to Cape Hatteras.

The bureau extended the storm area northward from Virginia Capes to Block Island, R. I.

The storm, which lessened considerably as it limped northward through the Florida Peninsula Sunday, regained momentum and force after passing into the Atlantic near St. Augustine last night. Winds up to 70 miles in gusts were reported.

Little structual damage or citrus crop losses were reported from the storm as it moved through Central and Northern Florida, but

DEVELOPMENT ATOMIC BOMB HOLDS PROMISE MANY NEW PRODUCTS

NEW YORK, Sept. 17.—(AP)—The atomic bomb development holds promise of making 5,000 new products and procedures available to industry and many of them now await only government release for commercial application, officials of the Kellex Corp., said today.

A subsidiary of the M. W. Kellogg Co., an engineering firm, Kellex is a non-commercial industry-wide unit which engineered through to construction and operation one of the major plants of the atomic bomb project at Oak Ridge, Tenn.

The disclosure was made with approval of the war department as a luncheon for reporters and editors. H. R. Austin, executive vice-president of Kellogg, and A. L. Baker, general manager of Kellex, outlined part of the development in prepared addresses.

A memorandum distributed at the gathering disclosed that improvements made in building up the $2,000,000,000 atomic project will result in immediate aid for a wide range of industries—including petroleum refining, chemical processing, gas processing, manufacture of pressure and vacuum vessels, electrical, refrigeration, high vacuum and fields employing corrosive chemicals.

Advances in petroleum refining included improved pumping, more efficient heat exchangers, mass spectroscope (continuous analytical control) and better atomatic control. Parallel advantages were specified for the other industries.

The memorandum listed benefits accruing to the medical profession and public health as a low cost, more abundant source of radio-activity; improved protective methods for combatting toxicity in industry, and extension of cancer therapy.

Baker said most of the advantages still are necessarily under government wraps and added the principal building of the diffusion plant at Oak Ridge "houses the largest chemico-physical continuous process in the world: a single process employing more pumps, more barriers, more power, more people, more instruments, more of every process-essential than had ever been thought of before."

COLORFUL PARADE WILL OPEN FAIR IN CORSICANA TUESDAY

MANY INTERESTING AND EDUCATION EVENTS ARE DAILY PROGRAM

Five days and nights of fair and rodeo are on Navarro county's entertainment menu this week.

The main dish will be served up at 3 o'clock Tuesday afternoon when a long and colorful parade heralds the opening of the ninth annual Corsicana Livestock and Agricultural Show.

Through the streets of Corsicana will wind a procession of city, county and state officials, visiting dignitaries from nearby cities and Texas' own boy hero, Lt. Audie Murphy of Farmersville, one of the most decorated to come out of the war.

4 Bands In Parade

Two college bands and two high school bands will furnish the music and set the pace for the 28-unit street parade. These are the official rodeo band from Sam Houston State Teachers College, Huntsville, the 80-piece Mexia High School "Black Cat" Band, the Hillsboro Junior College Band and the Corsicana High School Band.

On to the fair grounds will go a majority of Corsicana's guests to see the livestock and agricultural displays, and to attend the first in a series of five Texas Championship rodeos at 8:30 o'clock Tuesday night.

Many Exhibits

In the exhibit buildings and tents, visitors will see dairy cows, beef cattle, milking shorthorns, brahmas, swine, poultry, 4-H feeder calves, 4-H and FFA individual entries; agricultural products including corn, pecans, cotton, maize, hegari, sorghum, honey, wheat oats, onions, peas, potatoes, millet, barley, sudan grass, alfalfa; the ladies will show canned products, articles made of feed sacks and textiles including pillow cases, luncheon sets, quilts, comforts, bedspreads, guest towels, aprons, house dresses, hooked rugs, braided rugs and crocheted articles.

Fine Arts

In the Fine Arts department, competition will be open in oil, water color, pastel anad other mediums. There will be divisions for professionals and students or amateurs.

A special department is provided for negroes to exhibit agricultural products and animals, and for the

More Than 80,000 Workers Idle In Detroit Sector

DETROIT, Sept. 17.—(AP)—More than 80,000 workers were idle in the Detroit area today as the huge automotive industry and the powerful United Automobile Workers (CIO) union headed for a showdown on the union's demands for a general 30 per cent wage increase for the industry.

Strikes and layoffs idled 70,000 in Detroit and 10,000 in nearby Windsor, Ont., while UAW-CIO leaders went ahead with plans for possible strike votes affecting 500,000 throughout the nation's auto plants.

This was the situation as far as the "big three" of the auto world was concerned:

Ford—Representatives of Ford workers throughout the country were summoned to a Sept. 29-30 meeting here to decide whether to seek a strike vote. This action came as some 50,000 workers were idle in a compnay move which Henry Ford II, executive vice-president, said was a result of "unauthorized and crippling strikes"

See STRIKES, Page 4

CRASH SCENE—This is a general scene of the crash of an Army Air Transport C-47 which carried 23 veterans of the European campaigns to their deaths at Kansas City. The plane struck the south side of a railroad embankment (arrow) and bounced across the tracks to break up and burn shortly after a refueling stop at Fairfax Airport. (AP Wirephoto)

ATTORNEY GENERAL SAYS ALCOA SHOULD BE MADE SPIT UP

ALUMINUM COMPANY OF AMERICA NEEDS COMPETITION, CLARK DECLARES

WASHINGTON, Sept. 17—(AP)—Attorney General Tom C. Clark told congress today the Aluminum Company of America (Alcoa) should be spit into a number of competing companies.

His contention: more competition in the aluminum industry is essential to National security and business prosperity. In a report to congress on the industry's reconversion and surplus property problems, Clark wrote:

"Monopoly was a burden on war production. Expansion was hampered by the fact that there was only one experienced company in this strategic industry on which our airpower depended."

Independent operators, the Attorney General said, cannot survive in a competitive struggle with Alcoa's aggregation of advantages in Bauxite and power supply, plant locations, market and financial strength and connections with foreign producers." (Bauxite is the commercial ore from which aluminum is produced).

"The only solution," Clark said, "lies in the split-up of Alcoa into a number of competing companies". He added:

Government Big Owner

"The government is today by far the largest owner of plants and equipment in this industry and in disposing of them can do much to aid or hinder the rescue of this industry's future from the restrictions of monopoly.

"A vague expression by government of its preference for competition is not enough xxx. The pattern of the industry must be recast. xxx.

"The task is so unprecendented that congress should consider how far the government shall go in making the aluminum industry competitive. The establishment of competition requires the end of Alcoa's domination. Nothing less will be enough."

Company Comment

At Pittsburgh, the aduminum company of America commented:

"The report of the Attorney General is an argument for government subsidies to operators of government-owned aluminum plants. Subsidies, whether they take the form of outright grants of the taxpayers money, discriminatory power rates or any other form of

Navy Promises Release Of Many Men By Christmas

WASHINGTON, Sept. 17.—(AP)—The navy promised senators today it will put 764,000 enlisted men and 75,000 officers back in civilian clothes by Christmas.

This pledge was made by Vice Admiral Louis E. Denfeld, chief of personnel, as the senate military committee resumed its inquiry into why service discharges aren't coming faster.

Previously Undersecretary Gates told the senators the "situation in the Pacific is not sufficiently stable and secure to justify the early return of all naval forces and the activities which suppirt them."

Denfeld said that demobilization is moving as swiftly as military needs, transportation and separation facilities will permit.

"I am sure you will agree that we have a clear-cut responsibility not to strip our ships and our bases—nor those functions here at home which support them," he said.

Gates said a detailed plan on navy demobilization will be ready soon for congressional naval affairs committees.

"These plans could not be crystalized, in the detail required, until the navy could evaluate the immediate results of the cessation of combat," he said, adding that long before the Japanese "called it quits," the navy had begun release of officers and men and this was continuing.

Denfeld told Senator Gurney (R-SD) that the navy had reversed its course in the training of high schol students who signed up to learn about radar.

Previously these students had been offered the alternative of taking on a four-year hitch in the navy, or being moved out of the classes. Denfeld said all now finish the classes under the terms of their original enlitment.

Currie Resident Fatally Injured By Train Sunday

Gordon Holloway, aged 41 years, of Currie, was instantly killed in the southern part of Corsicana Sunday at 8 p. m. when he was struck by a northbound Burlington and Rock Island Lines Rocket passenger train.

Judge A. E. Foster, justice of the peace, Precinct 1, Place 2 viewed the body and returned a coroner's verdict of death by being struck by a train. Railroad employees were quoted as saying the victim was walking along the right of way and apparently fell under the passing train.

Funeral services were held from the McCammon Funeral Chapel Moonday afternon at 3 o'clock with interment in Richland. The rites were conducted by Frank Dunn, Church of Christ minister.

Surviving are his mother, Mrs. Laura Mae Holloway, Currie, seven brothers, Burnie Holloway, James Holloway and Minton Holloway, all of Corsicana; Ralph Holloway, Streetman; Don Holloway and Herman Holloway, both of Currie, and Byron Holloway, Donna; a sister, Mrs. Ruth Gatlin, Corsicana, and other relatives.

Pallbearers were Jim Latham, W. D. Miller, M. D. Manderville, Milton Manderville, M. D. Sawyer and Ernest Rogers.

Col. Dooley Arrives Home.

MCKINNEY, Sept. 17.—(AP)—Lt. Col. Thomas Dooley, aide to General Jonathan Wainwright, arrived home in McKinney today.

Col. Dooley had been a prisoner of the Japs since 1942 when he was captured on Corregidor with Gen. Wainwright.

He was the first man decorated in the Philippines, winning the Silver Star for outstanding action under fire.

He was met in Denison by a large group of his friends.

An open house will be held at the McKinney Country Club for him tonight.

"It's great to be home," he said.

YUGOSLAVIA CLAIMS TRIESTE AND OTHER DISPUTED SECTORS

ITALIANS AND BRITISH DOMINIONS ALSO PUT FORWARD THEIR VIEWS

By FLORA LEWIS

LONDON, Sept. 17.—(AP)—The Yugoslav embassy published today a 9,000-word memorandum backing its claim to disputed Trieste, the province of Venezia Giulia and the Dalmatian islands, which it will present to the Big Five foreign ministers here this afternoon.

The Italians and five British dominions also will put forward their views on the controversial Italian-Yugoslav frontier problem, which has been a constant source of dispute through two wars.

The boundary sought by the Yugoslavs runs about 40 miles west of Trieste to the town of Monfalcone.

The Yugoslav document, which will be backed by arguments from Vice Premier Edward Karelj, head of the Belgrade delegation, declared that the "whole problem has been created by Italy's greed."

The Italians have prepared counterclaims although they are expected to concede the Yugoslavs the port of Fiume.

Representatives of Italy and Yugoslavia, as well as five British dominions, were ready to enter the hitherto closed doors of the conference room to argue their cases.

The discussions were scheduled against a background of tense power politics.

Agreement on One Point.

At this point there appears to be agreement among the Big Five foreign ministers on only one aspect of the boundary dispute—that the port of Trieste should be ruled so it can serve Czechoslovakia, Austria and Poland as well as Italy and Yugoslavia.

This would mean either a free port arrangement or internationalization of the port itself.

On the administration of the city of Trieste, the Istrian Peninsula and the whole province of Venezia Giulia, however, there is a basic conflict.

The Yugoslavs claim all this territory. The Italians claim the same area which was theirs before the recent war.

The Russians are expected to support the Yugoslavs, while the Americans and British are believed to lean toward the Italian view.

The vital question of who will rule the Italian colonies has been left for the time being to the Big Five deputies. The problem was referred to them by the foreign ministers with the charge to make fullest possible use of the Ameri can plan to let the United Nations appoint administrators of the colonies.

"BEAST OF BELSEN" AND 44 SS HENCHMEN FACE BRITISH COURT

By CHARLES CHAMBERLAIN

LUENEBERG, Germany, Sept. 17.—(AP)—Josef Kramer, the "beast of Belsen" concentration camp, and 44 other SS henchmen pleaded innocent before a British military court today when they went on trial for war crimes and conspiracy to commit mass murder.

One of the 21 female SS guards blond Herta Ehlert, collapsed as the prisoners stood in a box facing the court.

The accused originally numbered 48, but three were removed from the list on medical grounds.

Uncensored horror films of Belsen and Auschwitz are part of the prosecution's evidence.

Kramer and 44 guards chose to be defended by British officers, selecting 12 who were barristers in private life. They had the alternative of choosing defenders of their own nationality.

AMERICAN PLAN FOR DISPOSAL OF ITALIAN COLONIES APPEARS BE MASTER STROKE FOR PEACE

By DeWITT MACKNEZIE
AP Foreign Affairs Analyst.

America's proposal, now before the Big Five Council of Foreign Ministers in London, that Italy's colonies be placed under international trusteeship of the United Nations looks like a master stroke in the interests of world peace.

The Mediterranean Theater is one of the most important zones strategically on the face of the globe. Throughout the centuries the nation or alliances which has had the upper hand in the Mediterranean also has had a mighty grip on Europe. The blue waters of this great sea have contained the elements of both peace and war—to be conjured up to suit the desire of the power in control. That is is true today as it was before the Hitlerian conflict produced epochal changes.

Thus, if the Allies now can insure that this great water highway is bordered by territories pledged to peace, one of the worst danger spots will have been removed from the Eastern hemisphere. It will be hard on Italy to lose her African possessions and the Dodecanese Islands, but she certainly can't be surprised if that's the price she is made to pay for Mussolini's gamble with the devil.

Now is the time for the peace-seeking United Nations to erect their safeguards against any future Mussolini. So it is encouraging to see the proposition of international trusteeship being considered by the Big Five Council.

Certainly Libya should be under United Nations control, especially the eastern section where lies the famus port of Tobruk. Tobruk harbor is small, but it's the best natural harbor on the north coast of Africa.

That's half the story. The other half is in the big island of Crete, which lies some 200 miles north of Tobruk. These two positions "straddle" the main sea lane where the Mediterranean Narrows—that is, they dominate it militarily. They must be under United Natioons control.

OCCUPATION FORCE FOR JAPAN MAY BE CUT IN SIX MONTHS

GREATEST GAMBLE IN MILITARY HISTORY HAS PAID OFF WELL

TOKYO, Sept. 17.—(AP)—History's greatest military gamble — the American landing in armed Japan —has paid off so handsomely that occupation forces probably will be cut to not more than 200,000 within six months, General MacArthur said today.

As a result of the successful penetration of this conquered nation, he added in a formal statement, troops will be returned home as rapidly as ships are made available Regular army forces, he said, probably will be able to maintain unaided the 200,000-man force—"which will permit complete demobilization of our citizen (draftee) Pacific forces."

"There was probably no greater gamble taken in history," his statement explained, "than the initial landings" where ground forces were outnumbered 1,000 to one by armed Japanese. But, he added, "the stakes were worth it."

Just Half Estimate.

MacArthur's estimate of 200,000 occupation troops is just half the number which Lt. Gen. Robert L. Eichelberger, commander of the U. S. Eighth army, recently said would be necessary—and Eichelberger's figures were at that time considered low. At the start some 800,000 men—including air forces —were scheduled to participate.

Only Saturday, however, Eichelberger forecast that the entire occupation might be "washed up" within a year if it continued as smoothly as it had started.

Work With Japs.

MacArthur's statement said that the unknown quantity at the outset of the occupation was whether a military government would have to be established. This would have involved several million troops, he said: But by working with the existing Japanese government, purposes of the surrender terms can be accomplished with only a small fraction of the men, time and money originally projected.

"This situation involved grave initial risk but successful penetration and subsequent prograss of the operation now assures success of the venture," he said.

Once Japan is disarmed, he emphasized, a force of 200,000 troops will be sufficiently strong to insure our will."

Questions Involved.

Questions involved in the strength of occupation forces, the supreme commander explained, are entirely independent of the future Japanese politico-governmental structure. This problem, he explained, is waiting completion of the military phase of the surrender—and is one that unquestionably will be determined "Upon the highest dip-

See OCCUPATION, Page 4

JAPANESE FOREIGN MINISTER REPORTED TO HAVE RESIGNED

MAMORU SHIGEMITSU WAS FORMER MEMBER TOJO'S WAR-MAKING CABINET

TOKYO, Sept. 17.—(AP)—Well-informed Japanese sources reported that Foreign Minister Mamoru Shigemitsu, chief signatory of Japan's surrender, resigned tonight and was succeeded by Shigeru Yoshida, former ambassador to London.

Yoshida, who lives in Oiso, was informed of his appointment by telephone and he accepted but it was too late for him to come to Tokyo tonight.

The same Japanese sources said that Shigemitsu's resignation was requested by Premier Prince Naruhiko Higashi-Kuni because "the first stage of the allied occupation is concluded."

Shigemitsu had served in one of the wartime cabinets of Hideki Tojo and also in that of Kuniaki Koiso and was considered to be responsible for many of Tojo's China policies.

These sources said that the Premier first asked Hichiro Arita, career diplomat and former foreign minister, to accept the post but that Arita declined.

Shortly after MacArthur's announcement listing suspected war criminals whom he wished to question, Higashi-Kuni held an extraordinary cabinet meeting which considered "what attitude to take" concerning the naming of Wartime Premier Hideki Tojo's entire "Pearl Harbor" cabinet on the list.

Well informed Japanese sources said at that time that Higashi-Kuni frankly asked the cabinet members to consider their own past careers "and determine whether they would be acceptable to the Americans."

Shigemitsu, who was Japan's principaly signatory of the unconditional surrender on Sept. 2, has had a long and somewhat stormy career as an international diplomat. He is 58 years old.

He lost his right leg in 1932 at Shanghai when a Korean nation-

CORSICANA, TEX., SEPT. 18, 1945

A SOLDIER SPEAKS

General Douglas MacArthur is a unique character among Americans. The usual military man, here or elsewhere, with all his human qualities, is primarily and almost exclusively a professional fighting man, limited by the requirements of his task. MacArthur seems to be a larger and freer spirit, qualifying at the same time as a soldier, scholar, orator and poet. He has, along with his clean-cut oratorical style, a touch of the poetic spirit which lifts any statement of his above the ordinary level.

Doubtless his crowning effort in this field is the address he made to the nation Sunday, on the occasion of the formal Japanese surrender ending a historic war. It was a great opportunity and he made the most of it. The schoolbooks of future generations may quote his address.

"Today," he said, "the guns are silent. A great tragedy has ended. The skies no longer rain death—the seas bear only commerce—men everywhere walk upright in the sunlight. The entire world is quietly at peace.

"The holy mission has been completed; and in reporting this to you, the people, I speak for the thousands of silent lips forever stilled among the jungles and on the beaches and in the deep waters of the Pacific which marked the way. I speak for unnamed brave millions homeward bound to take up the challenge of that future which they did so much to salvage from the brink of disaster.

"As I look back on the long, tortuous trail from those grim days of Bataan and Corregidor, when an entire world was living in fear, when democracy was on the defensive everywhere, when modern civilization trembled in the balance, I thank a merciful God that he has given us the faith, the courage and the power from which to mold victroy.

"We have known the bitterness of defeat and the exultation of triumph, and from both we have learned that there can be no turning back. We must go forward to preserve in peace what we have won in war.

"A new era is upon us. Even the lesson of victory itself brings with it a profound concern, both for our future security and the survival of civilization. The destructiveness of the war potential through progressive advances in scientific discovery has now in fact reached a point which revises the traditional concept of war. Military alliances, balances of power, leagues of nations, all in turn failed, leaving the only path to be by way of the crucible of war.

"The utter destructiveness of war now blots out this alternative. We have had our last chance. If we do not now devise some greater and more equable system, Armageddon will be at our door."

Who can doubt that he is right?

THE SCHOOL BELL

Ring out the old, ring in the new. It is not Christmas yet, but it is almost as good to hear the school bells ringing again and millions of children answering to the the call. For a little while, at least, the children frankly like it, and the beginning of the school year gains the dignity and interest of a national festival.

Well may all those students and their parents rejoice, and the world of travel and business and labor rejoice with them. For in millions of homes, the world over, the men as well as the children are going back to their jobs. And though the human and material losses are great, at least the civilized world, rescued from chaos and destruction, is starting the long but welcome task of getting back to normal.

With God's help, it will be a new normal, operating on a higher rather than a lower plane. For the loss and terror into which the human race was plunged has made clearer than ever the ancient truths and values which our age so nearly lost. For a long time now, every school, every church, every home, every gathering of normal men and women doing normal and human things in their own free way, may seem like a special, divine gift. May such gratitude and appreciation long endure.

NATIONAL POLICY

A recent poll of public opinion, as to what kind of national policy the American public wants, seems to have turned out just about as intelligent citizens expected. It followed the advice of the good old song sung by countless thousands of Americans: "Keep in the middle of the long, wide road."

That is where the bulk of our nation is generally found. It does weave somewhat from side to side, according to current whim or grudge, but doesn't run over the edge and into the gutter, and doesn't vary greatly in speed. Changes usually come so gradually that the process is hardly noticeable.

But let no citizen bank too heavily on the stability of this formula. There are periods in which Uncle Sam has to think quick and jump lively. We have been passing such a period, and may not emerge from it as soon as many people expect.

THE WORLD'S UNREST

Konrad Heiden ends his long and thoughtful book, "Der Fuehrer," with a few sentences worth noting by all who now embark on making a better world:

"Hitler was able to enslave his own people because he seemed to give them something that even the traditional religions could no longer provide; the belief in a meaning to existence beyond the narrowest self-interest. The real degradation began when people realized that they were in league with the Devil, but felt that even the Devil was preferable to the emptiness of an existence which lacked larger significance.

"The problem today is to give that larger significance and dignity to a life that has been dwarfed by the world of material things. Until that problem is solved, the annihilation of Naziism will be no more than the removal of one symptom of the world's unrest."

"I would have liked to kick each one of those admirals in the face," said plainspoken Admiral Halsey at the Japanese surrender. The point is that he didn't do it, being grounded in the traditions of the American navy. Had he been a Japanese admiral, he might have obeyed that impulse.

Remember when it was an insult to call anybody a "mere atom?" And now the mere word makes people tremble.

Probably the best civilizer devised so far is tobacco.

Edgar A. Guest

'WORMS FOR SALE!'

When along the road go I
Or some country trail,
Nowadays this sign I spy:
"Worms for sale!"

Letters turned the wrong way round
Like a rusty nail,
Telling in the shack are found:
"Worms for sale!"

Years ago when early I
Went for pan fish big
Ere I bade the shore good bye
Worms I had to dig.

Now the clan of rod and line
Fixed to wall or rail
Merely watches for the sign:
"Worms for sale!"

LEDO ASSAM, India—Pfc. William A. McCarter, son of Mr. and Mrs. C. H. McCarter of Angus, route 1, is a member of the Motor Transport Service, which has performed a vital job in getting supplies to China over the Stilwell Road.

• • •

Jack Reese, son of Mrs. Louise Reese of Corsicana, has pledged Kappa Sigma fraternity at the University of Texas, where he is registered as a freshman student.

• • •

Lieut. and Mrs. Dan Story arrived from Laredo Thursday afternoon, where they have been the past three weeks. Lieut. Story went to Fort Worth, his present headquarters, Friday and will return Saturday for the week-end. Mrs. Story remained at the home of her parents, Mr. and Mrs. Roy Love, for the week-end.

USS TEKESTA IN THE PACIFIC.—Arvil A. Harrison, chief motor machinist's mate, whose wife, Agnes, lives in Corsicana at 643 West Fourth avenue, served aboard this fleet auxiliary tug which followed the wake of the Pacific battle line for two years.

A telegram has been received from Sergeant Charles Copeland by his parents, County Commissioner and Mrs. Fred M. Copeland of Pursley, that he arrived in Boston Wednesday and expected to be home soon. Sgt. Copeland has been serving in the European Theatre.

Joe Scroggins, storekeeper 1-c, U. S. Navy, is en route to Japan and will be with occupational forces in Tokyo Bay, according to a letter received from him by his wife who resides at 208 North Thirteenth. In the service for almost two years, he has been overseas during the past year.

ST. PETERSBURG, Fla., Sept. 15.—S-Sgt. William C. Grimmett, son of Mr. and Mrs. Ellis Grimmett, 1121 West Eleventh avenue, has received his honorable discharge from the armed forces through the Army Air Forces Convalescent Hospital, Personnel Distribution Command, Don Ce-Sar Place, St. Petersburg, Fla., Lt. Col. Roy R. Grinker, commanding officer, in command.

Sgt. Grimmett entered the army in April, 1943, serving as a gunner on a B-17 with the 8th Air Force in the European Theatre of Operations. He is a veteran of 35 combat missions and is the wearer of the Air Medal with five Oak Leaf Clusters.

Prior to entering the service, Sgt. Grimmett was with the Corsicana Cotton Mills. His wife is the former June Yarbrough.

ON THE USS LEVY, Pacific.—V. R. Gill, seaman, second class, Corsicana, route 2, is a member of the crew of this destroyer escort, which participated in the first unconditional surrender of Jap-held territory to the United States. The Levy, her guns ready, played the role of watch dog in the lagoon while Old Glory was run up over Mille Atoll in the Marshall Islands.

Pfc. William C. Gunn of Purdon, Route 1, recently was discharged from the army at Borden General Hospital, Chickasha, Okla., after three months of hospitalization.

EIGHTH NAVAL DISTRICT, Dallas—Robert L. Benefield, chief machinist's mate, Seabee, husband of Mrs. Susie L. Benefield, 724 West Thirteenth avenue, Corsicana, has been honorably discharged from the United States Navy under the point release system.

Prior to enlisting in the Navy in August, 1942, he was employed by Girard Oil Co. in Corsicana and plans to return to that business.

Mrs. R. E. Renfrow has had a telephone call form her son, S-Sgt. Roscoe E. Renfrow, from Rome, Italy. He stated that he was on a three-day pass and was having a grand time. Sgt. Renfrow is an engineer in the U. S. Army air corps and is stationed in Marseille, France with the 384th bombardment group.

FORT KNOX, Ky.—(Spl.)—Another class of skilled tank mechanics had been graduated today from the Armored school.

Graduates included Private Hilton Q. Gaines, husband of Mrs. Eda Mae Gaines, Chatfield, Texas.

During their training in the school's tank department the soldier students worked with the same tools issued to field crews and under the same conditions they are likely to encounter in the field. They studied the mechanisms of the various tanks, from track to turret, learning hwo to keep them roaring into combat.

WITH THE 11TH AIRBORNE DIVISION IN TOKYO.—(Delayed)—Cpl. Lonnie T. Hair, son of Mrs. A. F. Hair, 1006 S. Beckley, Dallas, Texas, was among the first American fighting men to enter Tokyo. Corporal Hair, a veteran glidierman, joined the 11th Airborne Division at time of activation at Camp Mackall, North Carolina, January 1943, and has particapated in the campaigns in New Guinea, Leyte, and Luzon.

WITH THE 11TH AIRBORNE DIVISION IN JAPAN.—(Delayed)—Sgt. Leonard W. Brooks, 23-year-old paratrooper from Corsicana, Texas, with the 11th Airborne Division was among the first troops to enter Japan.

The son of Mr. and Mrs. A. E. Brooks of Corsicana, he married the former Miss Lerlene Barnes. He is a graduate of Purdon High School.

With the 11th Airborne Division since its activation, Sgt. Brooks reached Tokyo after seeing action in New Guinea, the rain-swept mountains of Leyte, and Luzon.

Entering the army in Jan., 1943, he became a paratrooper in March 1944, and has been overseas since May 1944. Before entering the service, Brooks was employed at Solar Aircraft, in San Diego, California.

WITH THE 11TH AIRBORNE DIVISION IN TOKYO.—(Delayed)—Pfc. James E. Taylor Jr., 11th Airborne paratrooper whose parents, Mr. and Mrs. Jim Taylor of Corsicana, Texas, was among the first troops to enter Japan.

Taylor attended Corsicana High and was an electrician before he was inducted Sept 9, 1952. He came overseas May 14, 1945. He intends to go to college after he finishes Army life.

Taylor's wife, Mrs. James E. Taylor Jr., resides at Purdon, Tex.

WITH THE 11TH AIRBORNE DIVISION IN TOKYO.—(Delayed)—Pfc. Ponciano A. Gonzales Jr., an 11th Airborne Division paratrooper from Corsicana, Texas, was among the first troops to enter Japan.

Gonzales who has been in the army since September, 1944, has been overseas since March, 1945, and has been awarded one battle star.

He is the son of Mr. and Mrs. P. A. Gonzales of Corsicana.

MILLE ATOLL, Marshall Islands—Lt. Comdr. Frank M. Keathley, 1820 West Sixth Avenue, Corsicana, serves aboard the destroyer escort USS McConnell which landed troops for the occupation of this enemy-held atoll. The McConnell prevnously had taken part in the invasion of Guam and the Palaus strikes on Formosa and northern Luzon and consolidation of Guadalcanal.

ABOARD THE GRIMES, Tokyo Bay—A. D. Tucker, Jr., seaman, first class, 2011 West 14th Avenue, Corsicana, sailed into Tokyo Bay aboard this ship and landed the first occupation troops on the conquered soil of Japan.

NAVARRO COUNTY SAILOR WAS ABOARD SHIP HAVING PART IN OCCUPATION OF JAP ISLANDS

By KATHERYN PATE
Daily Sun Staff

A U. S. Navy war baby, the San Diego, added another feather to its already highly-decorated cap August 28 when it dropped anchor almost within sight of Emperor Hirohito's Imperial Palace.

It was a day long to be remembered in the life of Charles V. Johnson, 22, MM1-c, son of C. W. Johnson of Dawson, route 2.

Leading the naval occupation units into Tokyo Bay as the flag ship of Rear Admiral Oscar C. Badger, the light cruiser San Diego spearheaded a force of minesweepers, destroyers and seaplane tenders which steamed into range of the Jap's heavy calibre shore batteries 48 hours before the occupation day. They were serving as a test force to see what the Japanese reaction would be when a United States Task Force entered the Bay.

Occupation Day

The move was successful and it was the signal for the heavy cruisers and battleships to enter the next day, and on August 30—Occupation Day—the transports with the occupation troops came in to land simultaneously with the Army's airborne troops.

For Johnson, 45 months on the San Diego, it was just another event in a long list of operations in which he has taken part against the Japanese.

"My first impresion upon our entrance into Tokyo Bay," relates Johnson, who was at his battle station at main engine control "was seeing the wrecked cities and Japanese Navy. We could see them easily from the ship."

Much Damage

"The wrecked steal mills and mangled ships, including the ill famous Japanese battleship, Nagato, once part of the proud Jap Fleet, reminded me of Pearl Harbor, December 7, 1941."

"The Japanese officers who came aboard appeared to take their defeat easier than I had imagined. They were almost always smiling and seemed to be very cooperative"

"The coast looks much like our own west coast from the sea," Johnson said, "but has the famous Mount Fujiyama lying in the distance among the clouds to set it off. It's a beautiful sight and one I'll long hemember."

This is one of many records set by the San Diego since she was commissioned at the Boston Navy Yard on January 10, 1942, shortly after the Japanese sent the United States Navy to war.

Fullfills Mission

She was designed and built to do a particular job, that of putting up a blanket of anti-aircraft fire from her 16 five-inch guns thick enough to ward off any enemy air attacks. She has fulfilled her mission in that respect. Never has an aircraft carrier been hit from the sector in which the San Diego stood guard. The carriers swear by that record, too, and it was always with a feeling of security that carrier skippers took their station in a formation when they knew the hard-hitting San Diego was nearby.

From the actual records, the San Diego has shot down eight Jap planes, has three probables to her credit along with two assists. Not a nigh score perhaps, but the fact remains that she has never been hit herself nor has any of her charges!

Fairfield Legion Post Is Organized

FAIRFIELD, Sept. 17—(Spl)—Veterans of World War I and 2 met at the Courthouse in Fairfield Sept. 11 with J. M. Daniel of Corsicana, Commander of the 6th District of the American Legion, to organize and make application for an American Legion Post. It will be named Wilbur H. Bailey Post.

The following officers were elected: Commander, Hubert Steward; 1st vice Commander, E. D. Terry; 2nd vice Commander, E. H. Newman; Adjutant, John L. Bonner; Finance Officer, Clifford Fischer; Chaplain, John T. Hughes; Historian, L. H. Burton, Jr.; Service Officer, Tilden L. Childs; Child Welfare chairman, Joel Bonner; Sgt. at Arms, Jack Robinson.

Fall Gardening Time Is At Hand, Declares Expert

Recent rains in much of the state brighten the prospects for good fall gardens. In the extreme western and northern sections fall gardens are already up, where there's sufficient moisture. But in the southern and eastern parts of the state, there's still time to begin from scratch.

But gardners had better not delay much longer in the opinion of Jo Ann Millican, assistant home demonstration agent. Clearing the garden plot, if it wasn't summer fallowed, is the first job, and this should be done immediately. Otherwise a lot of valuable moisture will be lost.

Just now, the fall gardner can plant vegetable seeds which will sprout under high soil temperatures. These include turnips, radishes, cabbage, beans and mustard. Potatoes also can be planted now. Incidentally, Miss Millican says cabbage will flourish better if it's planted in flats first, then transplanted to the open garden. The seed boxes should be kept moist and as cool as possible.

With cooler weather, the gardener can expand his plantings with parsley, peas, spinach, beets and carrots. In many sections of the states these will thrive into the winter. Often fall plantings of this group are more successful than spring plantings. Give your peas and beans a "happy environment". By that, Miss Millican means inoculate them with nitrogen to get quicker, healthier stands. Many gardners were converted last spring to disinfecting other seed with semesan.

Teague Woman Died There On Wednesday

FAIRFIELD, Sept. 17—(Spl)—Mrs. Fred Wheelus, aged 38, of Teague, died in a Teague Hospital at 8:00 o'clock Wednesday evening after a brief illness of two weeks.

Services were held at the Methodist chruch in Teague at 4:00 o'clock Thursday with the Rev. N. B. Crawford officiating with burial following in the Dew cemetery.

Survivors are her husband, one sister, Miss Mildred de Spain and a niece, Barbara de Spain of Dallas. Mrs. Wheelus was the former Routh de Spain of Dallas.

Misses Josephine Polk and Grace Hines of LaFayette, Ala., will return this week from a vacation trip to points in Colorado.

Camp Fire Girls Plan Observance Share-Food Day

Local and National Camp Fire Girls are asking their friends to join them on Tuesday in National Share-the-Food day a project which is being originated to build greater understanding of the facts behind America's effort to help feed the children of other lands, many of whom are now facing starvation. "If we give people bread," said Mrs. Eleanor Roosevelt, in discussing this problem, "We may build friendship among the peoples of the world; and we will never have peace without friendship around the world."

The plan of Share-the-Food day is simple. From one day's menu listed below, select a list of food that you will agree to serve on that day, and, during that time eat only the specified food. Three meals will be sufficient to show how limited and small an amount of food other people have been living on, not just for one day, but for weeks, months, years; pretend during this day that you live in Poland, China or Holland and that no other food can be yours; but at the close of the day, figure the amount you saved on your food bill and add it to your contribution to the Community Chest agencies.

Menus of Other Lands

Here are the menus of other lands, food that children not so fortunate as ours must eat each day:

Belgium

Breakfast: 1 slice of bread, 1 cup of coffee substitute. Lunch: 1 cup of vegetable soup, 2 potatoes, 3 ounces of vegetables, 1 slice of bread. Dinner: 1 cup vegetable soup, 1-2 ounce of meat, 2 ounces vegetables, 1 slice of bread.

Philippines

Breakfast: 1 small dish rice, coffee, 1 piece of sardine or 2 spoonful of canned meat. Lunch: 1 small dish rice, 1 piece canned fish, 1 banana. Dinner: 1 small dish rice canned fish or meat, fruit.

Greece

Breakfast: Bread, coffee with milk. Dinner: Macaroni, dried fish, salad without dressing, bread, raisins. Supper: Dried vegetables in soup, olives, bread.

Russia

Breakfast: 1 slice bread, 3 tablespoons of cereal, 1 glass of hot water with a few tea leaves. Lunch: 1 bowl soup made from potato peelings, 2 slices bread, 1 hard candy or 1 2 teaspoonful sugar. Dinner: 1 small potato, 1-2 carrot, 2 tablespoonfuls fish, hard candy.

England

Breakfast: Fish and rice, bread, tea. Dinner: cheese and lentill pie, fried potatoes, rice pudding with prunes. Supper: soup, bread and cheese, lettuce.

Chinese Orphanage

Mid-morning: Boiled egg or egg flakes in oats. Lunch: Rice, tomato green vegetable, orange or apple. Evening: Soy bean milk. Most Chinese children eat only twice a day.

Poland

Breakfast: Tea or coffee substitute, no milk nor sugar. 1 slice bread. Dinner: Adults, potato soup or cereal, 1 slice bread, 1 cup tea or coffee substitute. Children, as above, with jam, a little milk, fruit.

Czechoslovakia

Breakfast: Black coffee bread, coffee substitute. Lunch: Potato soup, cabbage. Dinner: Thin cabbage soup, potato dumplings boiled in water with chopped dried fruit, black bread, coffee substitute.

Italy

Breakfast: Coffee substitute. Lunch: Vegetable soup, fresh vegetables, fruit. Dinner: Vegetable soup, salad, bread.

Inside and Out

Your car is an open book to us. So for summer driving, let us check it and prepare it to withstand hot weather demands.

Musical Innovation To Be Entertainment Feature For Fair

An innovation in entertainment features will be inaugurated at the Victory Fair and Agricultural Exposition on Tuesday evening at 5:30 o'clock when pupils of the Waltman School of Music present a novelty program in the main exhibit building. The program will continue every 15 minutes until 7 o'clock, according to announcement.

Others who will partipipate in the series of programs will be members of the State Home Band on Wednesday afternoon at the same time under the direction oof Mrs. L. A. Rutherford. Mesdames Jimmie Mansfield and Estelle Skelton will have charge of entertainment features for Thursday afternoon. Mrs. M. S. Cook will direct the program on Friday afternoon, and Miss Mabel Bonner will conclude the series on Saturday afternoon.

Glenn Skinner, Hospital Apprentice First Class, who has been stationed in San Diego, Calif., has been transferred to the U. S. Naval Hospital at Corpus Christi, according to a message received by his parents, Mr. and Mrs. S. S. Skinner.

Cream Supper

There will be an ice cream supper at Raleigh church Thursday night, Sept. 20. Benefit of the church. Everybody invited.

FOUR ADDITIONS TO CHURCH OF CHRIST AT SUNDAY SERVICES

There were four additions to the Fifth Avenue Church of Christ at their regular services Sunday, three baptisms and one transfer of membership. There have been twelve additions to the Fifth Avenue church so far this month, ten baptisms and two by transfer of membership.

Frank J. Dunn, minister, spoke at both services yesterday. The topic for the morning service was, "Christian Stewardship," and at the evening service, "Wells Without Water." He reports an increase in attendance of the Sunday evening serivce since changing the time to 7:00 p. m. The church will probably continue with the earlier hour through the fall and winter months.

Activities of the Fifth Avenue church this week include the ladies' Bible class, Tuesday, 9:30 a. m.; midweek service, Wednesday, 8 p. m.; church work night, Thursday, 7 p. m., and the men's and boys' fellowship dinner at the Navarro Hotel, Friday, 8 p. m.

Ensign Gene Cummins has gone to Kingsville, where he will be stationed, following a visit in the home of his parents, Mr. and Mrs. Hugh Cummins.

SLOW BUT SURE IS KILLING QUALITY OF NOW AVAILABLE DDT

WHEN SPRAYED ON SURFACES IT KILLS INSECTS IN METHODICAL WAY

By WILLIAM E. KEYS

AUSTIN, Sept. 17.—(AP)—Slow but sure is the killing quality of DDT, advise state health department officials for persons using the insecticide the first time.

Now that it is becoming generally available (it'll be on the shelves of your grovery, drug and seed stores soon if not now available) the public should know something of its properties and what to expect of it, the officials believe.

Most likely you'll find it put up in solution. The solution is sprayed on screens, walls, floors, and other surfaces, when it dries it leaves tiny, almost invisible crystals as a residue.

Insects touching the crystals die eventually—not immediately. That is why the best way to judge its success is by the absence of live insects rather than the presence of dead ones.

Insects evidently absord the DDT through their feet. Soon they become restless. Their feet drag. Then their movement becomes jerky and spasmodic. Finally they develop tremors and die.

The insect may be far removed from the point of exposure before death occurs.

Spray on Insect Locations.

Bear in mind that unless insects walk or alight on the crystals there will be no kill. That means it should be sprayed on locations visited by insects. Don't spray it generally into the air.

If you are using a small quantity spray screens, and doors and the facings of screens and doors. Don't forget cupboards and closets. Remove cooking utensils and food before spraying. Put them back when the spray dries. If you spray walls made sure the solution does not stain wall paper. It's a good idea also to spray the outside surfaces of garbage cans.

DDT has proven a positive killer of flies, roaches, ants, fleas, mosquitoes, lice and bedbugs if properly used.

The health department has used tons of it in malaria and typhus control. The results are so encouraging that State Health Officer George W. Cox asserts filth borne disease can be reduced to an absolute minimum if every home, business building and outhouse is sprayed.

NOTICE!

The Rodeo Parade Tuesday formally opening the Corsicana Agricultural and Livestock Show September 18th, will be held at 3 p. m.

It is important that all individuals, organizations or business concerns planning to enter special floats or other motorized equipment inform me of their plans at once so that a place may be designated in the parade.

The general public is cordially invited to participate in this parade and horseback riders in cowboy regalia are especially requested to take part.

With the assistance of the citizens of Corsicana and Navarro county we can make this parade one of the biggest and most colorful ever presented in this city.

All expecting to enter the parade, with the exception of the horseback riders, are urged to phone me without delay so that your place in the parade can be designated This is very important.

All horse riders who will ride their horses in the grand entry at the rodeo will be admitted Free.

ON PORTLAND — E. R. Allen, metalsmith first class, son of Mrs. B. Ray of Emhouse, is on the heavy cruiser USS Portland, which recently accepted the surrender of all Japanese held islands under the command of the senior Japanese Imperial forces based at Truk Atoll and Caroline Islands. He has served on the Portland for 60 months and has earned 15 battle stars and engagements ranging from the Coral Sea in 1942 to the Okinawa Shima Assault in April, 1945.

CONGRESS

CONTINUED FROM FIRST PAGE

be able to tell its findings in one report, or two conflicting ones?

Here's the story:

Enlistment inducements — The House military committee, beset last month by cries for an end to the draft and speedier discharges, decided on an entirely different tack. It reasoned that if enough men could be persuaded to stay in uniform after they have been offered discharges two things would happen:

a. Draft calls could be cut more and more finally abolished.

b. More men could be released faster because ample replacements would be available.

Some Features

Hence the committee drafted a bill which would cut the enlistment period to two years (now the Army hitch is three, the Navy's four); provide government-paid-for trips home before returning to service; let a man draw his mustering out pay before re-entering; assure him provisions of the G. I. Bill of Rights after he gets out again. There are other features, too.

As one of the committee members who helped draft the measure said:

"It's sort of a red apple we're holding out to the men to stay in service."

Republicans in the House, however, may seize upon the bill to try to force a showdown on continuing the draft act and try to speed discharges by legislative means. This would lead to a sharp fight.

Jobless Aid

Jobless aid—The Senate, which scheduled no session today, takes up a bill tomorrow to bring more people under the unemployment compensation. It also would provide federal money to stretch out the time they could draw these payments, anad provide travel allowances for stranded war workers.

Unemployment compensation systems are run by the states. But the government stepped in during the war to take over part of the systems—the part that tried to find jobs for people.

Senator Reed, who doesn't like the idea of government doing that, said he thought the people of his state were "disgusted" with the whole set-up. They think, he added, that idlers are getting on the unemployment rolls and dodging jobs. Put the whole matter up to Kansans, Reed suggested, and they'd say: Toss it out of the window.

Tax Program

Taxes—Rep. Robertson (D-Va) of the House ways and means committee came up with a new plan to cut wartime taxes by $4,000,000,000 next year. He'd wipe out the present three per cent "normal" tax on individual incomes and strike off, too, the 95 per cent excess profits levy on corporations. For individuals, he said his plan would be fairer than one advanced by Rep. Knutson (R-Minn). Knutson wants to cut all income taxes a straight 20 per cent.

Another tax issue is this: Will congress again freeze the one per cent payroll tax, or let it go up automatically to two and one-half per cent January 1? This tax, on most workers and employers, raises the money to pay old age pensions and other social security benefits.

Pearl Harbor—Although the committee designated to investigate this country's military disaster hasn't even organized itself yet, some congressmen already are speculating on the possibility the members won't be able to agree. Should that happen there might be two reports—a majority and a minority report. The committee is composed of six Democrats and Four Republicans.

SGT. HUBERT CARROLL, GEN. WAINWRIGHT'S ORDERLY, COMES HOME

TEXAN WHO WAS WITH HERO OF CORREGIDOR TO REST IN PARIS, TEXAS

DALLAS, Tex., Sept. 17—(AP)—A young Texan who was captured on Cerregidor with Lt. Gen. Jonathan Wainwright and who served as his orderly during the long, hopeless horror filled years in Jap prison camps, came home today.

Sgt. Hubert Carroll, of Paris, Tex., flew to Dallas today en route to visit his sister, Mrs. F. M. Osborn, of Paris. He plans a long rest after his three years in prison.

Then Sgt. Carroll, a regular army man with 12 years service, plans to get back into the army.

Born in Paris, Sgt. Carroll became Gen. Wainwright's orderly in 1940 when he was riding horses under the General's command in Texas.

"He's like a father to me," he told a reporter. "No growling. All enlisted men under him think the world of him."

He told of the last days ot Corregidor.

"Me and him was sitting in a tunnel on Corregidor," he said. "He told me that 'we're getting out on a plane for Australia tomorrow night.' He told me to pack the bags.

Bags Ordered Unpacked

"Next afternoon. I saw the General pacing the floor.

"Unpack those dam bags, Sergeant," he says. 'We're staying right here'."

He said he was under no censorship regulations, but he was "letting the General do all the talking about what happened to us in prison." He said, however, he might talk "in a day or two."

Following their liberation, the General and the Sergeant have remained together. The Texan was the only enlisted man in the entire army to have a pass to the signing of the peace aboard the Missouri, he said.

Since then, he has been on a grand tour with Gen. Wainwright. They journeyed through China after being released in Manchuria. Then they continued to Manila and from there went to Tokyo to witness the surrender in Tokyo Bay.

Flown Home

They were flown to Hawaii, and then to San Francisco where Sgt. Carroll saw two brothers, Richard and Pierce, of California. He was an honor guest at what was reported to have been one of the greatest celebrations ever staged at San Francisco. The performance was repeated at New York and Washington.

In Dallas, he alighted from the plane without service stripes, dressed in GI pants and an open-necked shirt with a flap in the neck opening. He has gained 14 pounds since liberation, when his weight was down to 128.

Sgt. Carroll said that Gen. Wainwright had gained weight and improved in health and materially since returning to the United States.

The Texan, who said he was thoroughly exhausted after his incarceration and recently the tiring tour, said he planned to take a long rest in Texas. He said he carried papers which "get me anywhere anytime."

He has five brothers and four sisters. His parents are dead.

After the rest?

"Why, I plan to stay in the army," he said.

Community exhibits will be entered by several towns surrounding Corsicana. Only products raised, produced or made in the particular community participating in the show will be allowed.

School Day

Next Friday will be school day at the Fair, with all students allowed to enter the grounds free. County and city schools will observe a holiday, the first of the season. One feature of next Friday will be the parade of champions in the rodeo at 8:15 o'clock.

On other nights at 8:15 o'clock, the Sam Houston State Teachers College Band will be presented in a 15-minute floor show preceding the rodeo at 8:30 o'clock. The 35 talented musicians have played at local rodeos in previous years.

Championship Rodeo

Cowboys from all over the United States and Canada, who will proceed to Madison Square Garden in New York at the close of the Corsicana rodeo season, will be here for the five big nights of riding and roping. They will be handling the toughest stock in the game, furnished by Homer Todd of Fort Smith, Ark. Todd began moving stock into Corsicana Saturday.

Other Fair attractions will include a display of United States Army heavy fighting equipment from Camp Fannin.

Each evening from 5:30 to 7 o'clock, a special musical program will be given by Navarro county artists.

All types of concessions will be on the Midway for additional entertainment.

John McCormack Famous Tenor, Died In Dublin

JOHN McCORMACK

DUBLIN, Sept. 17—(AP)—John McCormack, whose great voice won him world acclaim as the "Golden Voice of Athlone," died late last night at his home at Booterstown, County Dublin.

A week-old cold which last Friday developed into bronchial pneumonia caused his death at the age of 61.

By his bedside when he died were his son Cyril, a Captain in the Irish army, and his wife, Lily Foley of Dublin, whom he married in 1906—a year before his debut in Cavalleria Rusticana at London's Covent Garden Opra House brought him overnight recognition.

Funeral arrangements were not yet announced.

McCormack sang an official farewell to the people of London at Royal Albert Hall in 1938 and retired, but came back a year latter to sing for the Red Cross. He was on a Red Cross concert tour when his health broke down and his physician ordered him to leave the concert stage and return to Ireland for rest.

Reputedly a millionaire, he was once described as history's wealthiest singer.

One of 11 children of a poor mill worker, McCormack was born at Athlone, Ireland, June 14, 1884. When he was 19 a friend who heard him singing Irish airs persuaded tim to go to Dublin, where he won his first success in a contest against 13 other tenors.

Sgt. Paul Miller Receives Discharge From U. S. Army

S.-Sgt. Paul H. Miller, U. S. Army, has arrived home following his discharge late Thursday afternoon at San Antonio.

Resigning as Navarro county judge in November, 1940, to report for active duty with a medical detachment of the 36th (Texas) division at Cleburne, Sgt. Miller trained with the Texas division and served overseas in Africa, Sicily and Italy before being returned home on the rotation procedure. He had been stationed at Camp Hood, Texas, for some time.

JOBLESS BILL

CONTINUED FROM FIRST PAGE

Speaker Rayburn and House majority leader McCormack of Massachusetts.

McCormack said the President was "very hopeful that an effective unemployment bill to meet emergency demands can be worked out." He added that the wage situation was discussed in a general way but told reporters it was not a legislative matter.

President Truman sumoned labor secretary Schwellenbach to lunch today at the White House to talk over reconversion labor problems.

The President and Schwellenbach also were expected to discuss the possibility of hastening the projected labor-management conference in view of the strikes in such vital reconversion areas as Detroit. The conference now is planned to begin October 29 or November 5.

stand at ease when a Jap private happened to be passing.

"The private walked up to Keys and slapped him on both cheeks. When Keys later complained to the Jap commander he received a beating for his trouble."

Man Responsible Kills Self

The Melbourne radio, in a broadcast recorded byNBC, said a Colonel Suya, "respinsible for all the 600 prisoners of war graves in Kunching cemetery," had killed himself with a table knife at army headquarters.

Major Singlaub, who led rescue paratroopers landing on Hainan Island Aug. 27, so befuddled Japanese officers in a battle of wits that he and his men gained command of their prisoner camp after they had been threatened by bayonet-pointing Japanese.

The commander of Australian prisoners, Col. W. J. R. Scott said Major Singlaub's coup at the Hainan Island Camp was one of the coolest and most courageous he had ever seen.

As the Japanese started taking up prisoners, Singlaub instead ordered them "to guard our parachute medical and food supplies".

Ordered Captain Around

This so shocked them that they did. Their Colonel sent his chief of staff to investigate but as the latter was only a captain Singlaub ordered him around too.

"When I insisted that the Allies had defeated them and they comply with our orders, they took us to the camp and provided food and medicine, which the prisoners hadn't had."

Singlaub said Capt. Merrit Lawlis, Indianapolis, and Staff Sgt. Benjamin Muller, El Paso, Tex. Yanks rescued by his parachutists, were jammed into cells only two by three feet in size after they had been handcuffed and paraded on the streets.

"The handcuffs were only removed the first five days for beatings," said Singlaub. "The officer was ordered beaten daily, but the guard tired after the first five. He was given a dozen beatings afterwards"

HURRICANE

CONTINUED FROM FIRST PAGE

South Florida counted scores of injured, hundreds of homeless and damage in the millions in the wake of the blow.

Heaviest Damage

Greatest damage was recokened at the Richmond Naval Air Base 30 miles south of Miami where three towering blimp hangars collapsed and burned at the height of the storm, killing Harry M. Schultz, of Miami, civilian fire chief at the base.

The navy estimated that between $30,000,000 and forty million was lost in destruction of the eight million dollar hangars, largest single-span wooden structures in the world, and 366 planes and 25 blimps that were sheltered in the 190-foot high, 1,100-foot long hangars.

South Florida growers listed the fruit and vegetable crop loss in the rich Redlands District at more than half a million dollars.

Red Cross disaster unit workers still were sheltering hundreds of persons at Perrine, Goulds and Homestead, south of Miami, the towns hardest hit by Florida's worst blow since the disastrous 1926 hurricane.

Defective Hearing Needs Doctor's Care

By W. P. BROWN
of Johnson's Pharmacy

Are you becoming just a little deaf? Is it difficult for you to select noises? Do you have to shift the telephone from one ear to the other in order to hear?

These are signs of a handicap which may be averted if you act in time. The trouble may be very slight and easily remedied. It may be no more than an accumulation of wax in the inner passage of the ear.

Expert attention may relieve you of the haunting fear of deafness, may postpone for all time any need of wearing a hearing aid. It is worth any amount of time and expense to protect and prolong your good hearing.

Select a specialist who can provide expert advice. Medication must be the best available and should be obtained from a reliable pharmacist.

This is the 4th of a series of Editorial advertisements appearing in this paper each Monday and Tuesday.

DURATION OF MEAT RATIONING DEPENDS ON NEED ABROAD

WASHINGTON, Sept. 17.—(AP)—Secretary of Agriculture Anderson said today the duration of meat rationing depends upon the extent of food commitments abroad.

Leaving a White House conference where he went over the rationing and subsidy programs with President Truman, Anderson told the reporters:

"If it is necessary to continue meat rationing, it will be a liberal one, equal to a normal peacetime consumption in this country."

He said there is enough meat in this country to meet the normal domestic needs without the necessity of rationing

Anderson said he was hopeful all subsidies could be terminated by next June 30, with the possible exception of that on flour.

There probably will be a need for sugar rationing in 1946, he said, but he was a little more hopeful that rationing of fats, oils may be terminated by January 1.

CARD OF THANKS.

We take this method of thanking our many friends for the kindness shown us during the illness and death of our dear mother, Mrs. W. M. Marshall. Especially do we thank those who helped nurse her and those who brought the nice food and flowers. God bless you, is our prayer. —The Marshall Family.

ANDRE TARDIEU

MARSEILLE, Sept. 17—(AP)—Andre Tardieu, former Premier of France, died Saturday night at his home at Menthon on the Riviera. He was 68.

Tardieu was prominent in letters and journalism as well as in politics. He served in four governments before becoming Premier in 1929. His own cabinet fell in less than four months.

LONDON, Sept. 17—(AP)—The Swiss radio said today that former Premier Andre Tardieu of France, often called the "most American of all Frenchmen," died today at his home on the Riviera.

discriminatory federal aid, are inexcusable."

The company statement declared the Reconstruction Finance Corporation has cancelled the leases of all government-owned aluminum smelting plants formerly operated by Alcoa, and "RFC can lease or sell them to anyone it chooses.

"These plants," said the Alcoa statement, "account for 57 per cent of the capacity of the industry as contrasted with 36 per cent for Alcoa and 7 per cent for Reynolds Metals Company."

The company statement said the circuit court of appeals found Alcoa had no monopoly in raw materials or in any fabricated aluminum products.

OCCUPATION

CONTINUED FROM FIRST PAGE

lomatic level of the United Nations."

(Shanghai dispatches today said that the swift, quiet expension of American naval occupation along Shanghai's waterfront was expected by Tednesday. Minesweepers already are at work clearing the Whangpoo river there.)

U. S. Eighth army headquarters reported that roundup of the 46 war crimes suspects wanted by MacArthur was proceeding with equal smoothness—with the Japanese government making the arrests. Twenty-nine already were in custody; only 15 remained at liberty and two others were dead by their own hands.

Locked In Jail.

Nobusuke Kishi, former commerce and industry minister, was locked in the big Yokohama jail today several hours after Japanese authorities drove up with Vice-Adm. Ken Terashima, former communications and railways minister.

With Kishi were Lt. Col. Seiichi Ohta, rejportedly charged with atrocities at Manila; and Lt. Honashi Takauchi, who allegedly mistreated internees at prison camp 1-B in the Kawasaki area.

Shigeru Yoshida, former ambassador to Londn and a man believed by Japanese to be more acceptable to the allies, replaced Foreign Minister Namoru Shigemitsu today in a sudden cabinet shuffle, well informed Japanese sources reported.

Requested to Resign.

Shigemitsu had been requested to resign by the premier, these sources said, and he did so late today. Yoshina, now living at Oiso, was informed of his appointment by telphone and accepted.

He is to be invested shortly after his arrival in Tokyo tomorrow morning.

Shigemitsu's resignation reportedly was based on the fact that "the first stage of the allied occupation has been concluded."

Shigemitsu became foreign minister under wartime premier, Hideki Tojo, in Aurll, 1943, in a cabinet shakeup which preceded a "new policy" toward China. Authoritative sources said Shigemitsu was influential in attempting to conclude peace with China then, "so that Japan would have greater strength for prosecuting the war against America and Britain."

Needed His Experience.

The same sources said that Shigemitsu had been included in Premier Prince Higashi-Kuni's surrender cabinet because of his experience was valued in the hasty assembling of the new government They added, however, that the premier first asked Career Diplomat Hachiro Arita to serve but he refused.

Shigemitsu was not on MacArthur's "wanted" list, but after the list was anounced, Hagachi-Kuni frankly asked his cabinet members to "determine whether they would be acceptable to the Americans," these sources related.

Shigemitsu's stormy international career ranged from loss of his right leg to a Korean-thrown bomb at Shanghai in 1932 to signing Japan's surrender aboard the USS Missouri in Tokyo Boy 15 days ago.

Three Divisions to Go Home.

General MacArthur, from his new headquarters facing Japan's imperial palace, announced that the 31st, 37th and 38th American divisions would go home soon from Manila. The supreme commander also disclosed that he had protested strongly over Russia's mistaken destruction of a B-29 over Korea.

Earlier MacArthur summoned Japanese Premier Higashi-Kuni to his headquarters where he is believed to have informed the prince bluntly that Japan is not an equal and has not yet proved her right to be treated as one—the same strong statement that was given to the now-censored Japanese press Saturday.

The general today instituted a thorough American information program, utilizing Japanese press, radio and schools, to convince Japan of its defeat, its guilt, and to eliminate militarism.

Admiral Halsey's naval forces meanwhile speeded Japanese disarmament by smashing 25 big coastal defense guns fringing Tokyo Bay, and scuttling 51 midget submarines, 103 suicide boats and 103 man-guided torpedoes.

Prisoners of War.

"With an estimated half of Japan's 3,000,000 homeland soldiers now disarmed, the second great allied task—evacuation of prisoners of war—proceeded while fresh atrocity reports rolled in hourly.

In Darwin, Australia, Pvt. J. W. Larkin related that General Wainwright was forced to snap to attention to honor each passing Japanese private, and that the general frequently was beaten with a bamboo cane. In Melbohrne, Austrilian army intelligence reports said only six of 3,550 British and Australian prisoners survived imprisonment in Borneo. From Hong Kong came stories of the beheading of American fliers.

Twenty-seventh of the war-crimes suspects to be taken into allied custody was Vive Adm. Ken Terashima, minister of communications and railways in former Premier Tojo's wartime cabinet. Japanese officials surrendered him to American custody today. Now 63, Terashima retired from active naval service in 1934. He served as chief of staff of Japan's second, first and combined fleets, later commanding the naval training squadron and becoming president of the Uraga dockyards.

Another Arrest.

Nobuske Kishi, commerce and industry minister in the Pearl Harbor cabinet, also was taken into custody today. He came to Tokyo from Yamacuichi prefecture, where he had been ill.

Warlord Tojo himself, who tried suicide with a pistol last week, "is getting along fine" in the U. S. 98th evacuation hospital in Yokohama and is expected to completely recover in a month, Lt. Col. James M. Peery said today.

Ill at his home from a heart attack, Shigenori Togo also on the allied "wanted" list, and foreign minister in two Japanese war cobinets, told the Associated Press in a written statement that he had stood firmly for peace in the Aug. 8 cabinet fight and finally won. He had opposed any conditions beyond retention of the emperor, in accepting allied terms, he said.

Leader Black Dragon.

The list of those in custody included one reported leader of the infamous Black Dragon society—Col. Kingoro Hashimoto. Another, Yoshisa Kuzuu, who claimed he had been president of the terrorist society since 1938, reportedly had been found and was expected to be picked up soon. Mutual Broadcasting System Correspondent Jack Mahon said he had talked with Kuzuu and was convinced the Black Dragon still was functioning in secret.

The Nippon Times yesterday printed detailed accounts of the Japanese mistreatment of American prisoners, and said today that the Japanese who have just been informed of the mistreatment must shiver with shame. It urged stern punishment.

MacArthur's headquarters were transferred today from the customs office at Yokohama to the Daiichi Sogo (First Mutual Life Insurance) building in the Hibiya district of Tokyo.

The new location, fronting the imperial Palace grounds, will be headquarters for the duration of the occupation.

Six hundred officers and 1,400 enlisted men formed the advance echelon of the headquarters in the 20-mile move.

MacArthur and his aides, with other high headquarters officials, are quartered in the United States embassy building.

The buildings vocated in Yokohama wil be taken over by the Eighth army.

"Oh, Jane, your new cook is here!"

Valley Prepares For Busy Season

McALLEN, Tex., Sept. 17—(AP)—The lower Rio Grande Valley is fast readying for another busy winter farming season.

First shipments of citrus from the 1945-1946 crop should roll by mid October. Vegetable shipments will follow in short order.

Last season (1944-45) brought $120,000,000 in crop revenue to the area.

Scores of packing plans are being refurbished and remodeled. Canneries are completing retooling and revamping of machinery.

Several new plants aer going up such as a $90,000 cannery and four new produce packing sheds in McAllen. One of the largest buildings in the Valley is being erected East of Weslaco to house the citrus supply corporation.

Most citrus groves have weathered the long, dry summer without loss of fruit, but there may be a decrease in overall weight of the crop, with smaller sizes than had been expected.

Winter vegetable production will be spotty. Many Valley fields were ruined by July and August droughts. Tomatoes, cabbage, carrots, beets, and some other staples will be harvested, but growers expect less tonnage than last winter.

Veteran Sailor Home On Leave

Stanley E. Walker, petty officer 1c, is spending a 30-day leave with his parents, Mr. and Mrs. E. E. Walker, Athens. Seaman Walker entered the U. S. navy on July 11, 1941. He is a survivor of the sinking of the USS Aircraft Carrier Lexington, which was lost in the battle of the Coral Sea.

Home for the first time in three years, Seaman Walker will complete his leave and report to his base on Cept. 3. He was employed with the Corsicana Cotton Mills before entering the service.

He has two brothers who are also in the service. Alvin Walker, Seaman 1c, wounded in action in the Pacific, is at a convelescent hospital in Hawaii. James (Jack) Walker, who spent a 30-day furlough recently with his wife and relatives, has returned to Seattle, Wash.

Courthouse News

District Court

A jury commission was empanelled Friday morning by A. P. Mays, judge of the Thirteenth Judicial district court, to select petit and grand jury lists to serve during the October term of court for the term beginning, Monday, Oct. 1, 1945. The commission is composed of Joe George, Blooming Grove; R. D. Shell, Corsicana; W. T. Stockton, Kerens; Jim Doolen, Angus Route 1, and C. C. Sands, Corsicana.

A 16-year old negro boy charged with juvenile delinquency was sentenced to the State Training School at Gatesville by Judge A. P. Mays Saturday.

District Clerk's Office

Bobby R. Locklar vs. Lula Locklar, divorce.

Ex parte, Sally Ashford, minor, petition for adoption.

County Attorney's Office.

A complaint for violation of prohibition laws and one for abusive language were accepted Monday.

Sheriff's Office

A negro woman was conveyed to the State Hospital at Terrell Friday.

A negro boy was arrested for juvenile delinquency, Sheriff Cap Curington reported. One was arrested for violation of prohibition laws. A flock of turkeys reported stolen from a man at Richland, was recovered, the sheriff said.

Sheriff Cap Curington revealed Monday that the 1942 Buick automobile stolen from the McCammon Funeral Home Friday afternoon was recovered Saturday by the sheriff at Del Rio, Texas. Two boys from Lansing, Mich., one 14 and the other 15 years of age were arrested, the sheriff said. The car had not been stripped. The car and two youths are being returned to Corsicana, Curington revealed.

Justice Court.

Judge A. E. Foster fined one for driving without a license and one for speeding.

Three were fined for alleged disturbing the peace Monday morning by Judge A. E. Foster. A formal complaint accepted by the cunty attorney's office for alleged violation of the prohibition laws was filed before Judge Foster Monday. Judge Foster fined one for intoxication, one for driving without a license, and one for passing a car on a hill.

Marriage Licenses

Jack Williams and Mina Vae Turner.

W. F. Borden and Lois Warren.

JESTER SENDS WAR HERO TO TAKE PART IN RODEO PARADE

The following message from Beauford Jester, member of railroad commission of Texas, nas been received by Fred D. Prince, city commissioner and parade chairmanu, is self-explanatory.

Austin, Tex., Sept. 17.

Fred Prince,
Chairman Parade Committee:
Corsicana Livsetock and Agricultural Show, Corsicana, Texas.

All three of the railroad commissioners will have to be in Kansas City Tuesday, September 18th at the beginning of the federal power commission gas investigation there. I regret that this duty will prevent my having the honor of participating in the parade on Monday.

In my place I have secured First Lieutenant Audie Murphy of Farmersville to be in the parade and carry the state flag of Texas and I believe that he will be the greatest drawing card obtainable to lead the parade with General Walker.

I know that our Navarro county people will accord him a royal welcome.

Wishing the show the greatest success and assuring you that I will be missing being there taking part in it and with best regards.

Beauford H. Jester, member Railroad Commission of Texas.

Allowable Order Delayed Two Weeks

AUSTIN, Sept. 17.—(AP)—A statewide oil allowable order for October probably will not be announced for two weeks, Chairman Olin Culberson of the Railroad Commission said today.

Culberson said commission engineers were making a close study of all fields with special attention to marginal and submarginal pools before writing a new production schedule.

He added the objective of the October order would be to allocate production so that each operator would have a fair share of market demand, based on his ability to produce. The order, he continued, will seek to prevent selective buying.

The October allowable almost certainly will be reduced below september, said Culberson, although he would not venture a forecast on the amount of reduction.

At last week's statewide proration hearing before the commission operators generally sought smaller allowables for next month, based on decreasing military requirements and an increase in crude oil storage.

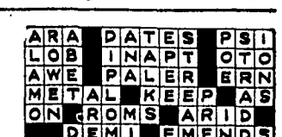

Service Station To Be Constructed

D. H. Andrews will construct a $3,500 store and service station on East First avenue, according to a permit issued by the city last week.

Another business permit for repairs amounted to $200 and residential repair permits totaled $1,930.

REP. L. A. JOHNSON SAYS U. S. WILL HAVE SEND FOOD TO EUROPE

WASHINGTON, Sept. 17.—(AP)—Back from a six-week tour of Europe, Rep. Luther A. Johnson (D-Texas) said today he is convinced this country will have to send food and fuel there to keep the people from starving.

He quoted General Dwight D. Eisenhower as saying it is imperative that relief be given to tide the Europeans over through the coming winter; that next summer should see them back on a more or less self-sustaining basis.

Transpoortation and fuel snortage seem to be the most acute, declared the Texan, who headed a special house foreign affairs subcommittee which toured England, France, Belgium, Holland, Germany, Italy and Greece. Farm equipment and seed also are high on the list of urgently needed items.

Lack of fuel has held up operation of many European factories, including textile mills in Belgium, he said, adding that once these plants are in operation they can use large quantities of American surplus cotton.

Rep. Emily Taft Douglas (D-Ill) returned with Johnson last night. Aboard the four-engine plane with them were 20 Americans liberated recently from Japanese prison camps. They were flown from Calcutta to Casa Blanca. There they were joined by the legislators.

Two Texans were in the group, said Johnson. They were H. R. Cray, Jr., of San Antonio, a marine who was aboard the U. S. S. Houston when it was sunk by the Japanese, and P. M. George of Houston. They and the other servicemen left the plane in New York.

THREE CHILDREN KILLED AS TRUCK CRASHES BRIDGE

HENDERSON, Tex., Sept. 17—(AP)—A pickup truck plunged through a bridge into 15 feet of water at Johnson Creek 10 miles south of here yesterday, carrying three children to their deaths.

The children were riding in the truck with their parents and a brother, when the acident occurred.

The drowning victims were Elwanda Spain. 3; Wayne Spain, 4; and Kenneth Eugene Spain, 6. Mr. and Mrs. Luther Spain, of Gaston, their parents and a six-year-old brother, Dale, reached home safely.

Three hours following the accident, the bodies were recovered and brought to a funeral home at Tyler.

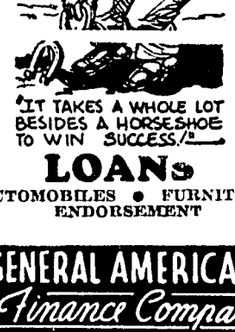

Stalin Requests $6,000,000,000 U. S. Loan Is Reported

MOSCOW, Sept. 17.—(AP)—Generalissimo Stalin met a group of United States congressmen for an hour today and was understood to have expressed a desire for a $6,000,000,000 loan from the United States.

The premier told the group, studying postwar planning in Europe, that Russia needs economic assistance, particularly from the United States.

(A British delegation headed by Lord Keynes and Lord Halifax are conferring in Washington with U. S. officials, seeking a $3,000,000,000 to $6,000,000,000 grant in aid rather than a loan.)

Stalin said the Soviet Union faces a number of years of hard building to restore the damages of war and to raise the standard of living in Russia.

NO CONTROL TO BE INVOLVED IN OIL AGREEMENT PLANS

LONDON, Sept. 17.—(AP)—Secretary of nterior Harold Ickes said today he did not expect the projected American-British oil agreement, now under discussion, to provide either price or production control.

"We want this to be highly competitive," said Ickes, who is here as United States petroleum co-ordinator.

Asked if there was a plan to put oil reserves at the disposal of the United Nations organization, Ickes replied:

"I doubt very much whether the oil industry in the United States will be willing to subject the industry to any national or international organization. In fact, I know it would not."

AP Newsfeatures.

Although American fighting men are being speeded home as rapidly as possible following the end of hostilities, many thousands of men will remain on foreign duty through Christmas. The rules given here for sending Christmas parcels to them are taken from the Postal Guide.

1. "The term "armed forces overseas' includes the personnel of our armed forces who receive their mail through an APO, or Fleet Post Office in care of the postmaster at New York, N. Y.; San Francisco, Calif.; New Orleans, La., or Seattle, Wash., or an A. P. O. in care of the postmaster at Miami, Fla.; Presque Isle, Me., or Minneapolis, Minn., or through a naval installation or station in care of the postmaster of Seattle."

2. The only time you can mail a parcel overseas to an Army person without a written request from him or her is between Sept. 15 and Oct. 15—the earlier the better. "Parcels destined for delivery in China, Burma, India, the Middle East, and the islands in the Pacific should be mailed as early as possible during the period stated, preferably not later than Oct. 1, in view of the distances involved."

3. "Christmas cards for Army personnel overseas may be mailed at any time but patrons must mail such cards prior to Nov. 15, 1945, if they are to have a reasonable expectation of delivery prior to Christmas. The War Department advises that greeting cards for soldiers overseas must be sent in sealed envelopes and prepaid at the first-class rate."

4. "Since Navy, Coast Guard, and Marine Corps personnel may receive parcels without a request at any time of the year, it is not the policy of the Navy Department to encourage the mailing of parcels during any particular period of time each year. The Navy Department suggests, however, that parcels intended as Christmas gifts be mailed not later than Oct. 15—and that parcels for personnel known to be in an area which would permit mailing subsequent to Oct. 15 may be deposited for mailing at a date selected by the sender."

5. Don't mail a package if the recipient is on his way home. If there's any reason to believe he or she may move to a new location soon, wait until you can mail the gift to the new address. If necessary, write asking the recipient for a letter requesting the gift, should the new address not reach you until after the Oct. 15 deadline.

6. Boxes can't weigh more than five pounds or measure more than 15 inches in length or 36 inches in length and girth combined.

7. "Boxes for overseas transmission should be stronger than containers used for parcels which do not leave our shores—It is absolutely necessary that all articles for overseas be packed in boxes of metal, wood, solid fiberboard, or strong double-faced corrugated fiberboard, testing at least 200 pounds."

8. "Boxes should contain sufficient cushioning material so that the contents will be tightly packed to prevent any rattling or loosening of the articles—Unless completely packed and tightly filled, boxes are apt to be crushed.

9. "Each box should be securely tied with strong cord, preferably by four separate pieces, two lengthwise and two crosswise, knotted at crossings. Sealing the flaps with gummed tape where they meet strengthens the box but the use of such tape alone is not satisfactory since the tape loosens if—exposed to moist atmosphere."

10. Use the latest, most complete, most acurate address. "Addresses must be legible, in typewriting or ink. It is preferable that the outside address be hand printed directly on the wrappers of the boxes rather than on labels pasted to the wrappers, since—[illegible] frequently fall off when subjected to moisture—It is highly desirable that slips of paper containing the names and addresses of the sender and addressee and a list of the contents be inclosed in the parcels."

11. "In addition to the name and address of the sender, which is required, inscriptions such as "Merry Christmas," "Please Do Not Open Until Christmas," "Happy New Year," "With Best Wishes," and the like, may be placed on the covering of the parcel in such a manner as not to interfere with the address, or on a card inclosed therewith. Books may bear simple dedicatory inscriptions not of a nature of personal correspondence. Stickers or labels resembling postage stamps are not permissible on the outside of parcels."

12. Mark your parcel 'Christmas Parcel." Special effort will be made to effect delivery of all Christmas parcels mailed during the period stated above in time for Christmas."

13. "Perishable matter will not be accepted, and the sending of fragile articles should be discouraged — Intoxicants, inflammable materials (including matches of all kinds and lighter fluid), and poisons, or compositions which may kill or injure another, or damage the mails, are unmailable."

AP Newsfeatures

WASHINGTON-- Postmaster General Robert E. Hannegan says: "Last year 82,000,000 Crristmas packages were transported and delivered to military personnel overseas. It was the biggest job in postal history.

"Mail for the armed forces presents a problem entirely different from the domestic Christmas mail. The vast flow of parcels must pass through a very few funnels. For example, last year 47,000,000 packages went through the Army Center in New York in the 30-day mailing period.

"This year the situation is different—and worse. As before, the greatest number of packages will come from the most populous centers—the Atlantic seaboard states and the Midwest. Instead of the relatively short mail haul tc New York, the majority of them this time must crose the entire continent for processing at San Francisco.

"To facilitate the great job, the cooperation of the public will be necessary."

Red Cross Service Squibs

WILLIAM HELSTROM, a Red Cross field director in Luzon, was concentrating on passing out cigarettes and candy to the paratroopers who were marching south to join another division. Pretty soon he noticed that he had run out of soldiers and seemed to be completely alone. It dawned on him then that he must be leading the fighting group armed only with edible ammunition. Helstrom, who was formerly a track coach, broke all records of his previous students in getting back with the troops.

81ST BIRTHDAY OF RED CROSS—August 22nd marked the eighty-first anniversary of the signing of the treaty of Genvea by 12 nations at the instigation of the International committee of the Red Cross. The signing of this treaty formed the basis of the whole Red Cross undertaking. Today the flag—a red cross on a white field—spells mercy and hope to countless suffering people all over the world. It is a symbol which will be revered as long as civilization exists; for just so long will there be a need for the service to humanity which this flag represents.

NEW CLOTHES FOR GUAM GIRLS—Native Guam girls are better dressed today than before the war, due to the combined interests of the Red Cross and the Marines stationed there. Noticing the much-patched wardrobes of the girls who have suffered from the drastic war clothing shortage, the boys took up a collection and asked the Red Cross workers in Honolulu to spend the grand total of $100 for what they termed "feminine frippery." Dress material, lipstick, powder and combs designed to make "Vogue models" of the girls were purchased by the staff welfare service and sent on their way Not since liberation from the Japs has the morale reached the height it did when the gifts were distributed at the palm-thatched club house.

ALL JAP CIVILIANS IN CHINA TO BE SENT BACK TO JAPAN

By RICHARD CUSHING.

SHANGHAI, Sept. 17.—(AP)—All Japanese civilians in China—every Japanese, man, woman and child in the entire country—will be deported to Japan, Gen. Ho Ying-Chin, commander of Chinese field forces, told correspondents at a press conference today.

The Japanese civilians would be segregated, the general said, until the shift could be made. In Shanghai, for example, they would be confined to the Hongkew district, long known as "Little Tokio." The shift into the Hongkew district started today and must be completed within three days.

Japanese troops in the Shanghai area meanwhile would be moved within the next five days to concentration zones, there to await transport to Japan.

Mrs. Mary Alice Inmon of Kerens has assumed her duties as a special deputy assessor and collector of taxes in the office of Hailey Blake at the courthouse. Mrs Inmon is writing current tax receipts.

Activities Among County Home Clubs

Chapman Ranch Club

Mrs. Bert Kilcrease was hostess to the Chapman Ranch Home Demonstration club Friday, September 7.

Mrs. Bennet served as program leader for a religious program.

The club voted to present a cash gift of $10 to Mr. and Mrs. Grover Crawford whose home was partially destroyed by fire last week. Plans for the year-book for 1946 were discussed and members contributed suggestions for improving the program plans for the year.

The hostess served a salad plate to the nine members and four visitors present.

The next meeting will be held September 21, with Mrs. Willard Mayo as hostess.

Embhouse Club

Mrs. Stokes Armstrong was hostess to the Embhouse Home Demonstration Club which met in the Community Center on Tuesday, September 11.

The meeting was opened with a sing-song, followed by a brief business session.

Mrs. Iva Grooms and Mrs. C. J. Armstrong were in charge of the program period which was devoted to instructing members in the art of Italian hemstitching and Raffia weaving.

Gifts from secret sisters were presented, and refreshments were served to fifteen club members. Mrs. O. F. Wetzel will be hostess for the next meting of the club which was announced for October 2.

Goings and Comings Of Fairfield Folk

FAIRFIELD, Sept. 17.—(Spl.)—Mrs. Rankin Gelpin is visiting at Carlsbad, New Mexico.

Buford Scott, in the Marines and stationed at Paris Island, S. C., is spending a ten-day leave here with his parents, Mr. and Mrs. J. B Scott.

Mr. and Mrs. Willard Manahen visited in Tyler Sunday.

Lonnie Childs of Texas City visited his parents, Mr. and Mrs. H. J. Childs here last week.

Mrs. W. H. Childs is spending the week with relatives at Galena Park.

Capt. and Mrs. Thomas Gleason of Mexia visited relatives here Saturday.

O. Y. McBride and Mavis of Waco spent Saturday and Sunday here with relatives.

Mr. and Mrs. Mark Short and children of Arkadelphia, Ark., visited friends here Saturday.

Mrs. Lenora Irwin of Teague spent Friday in the home of Mr. and Mrs. W. H. McSpadden.

E. J. Gilbert of Houston is visiting Mr. and Mrs. Ed Robinson this week.

Herbert Parker spent Saturday in Dallas.

Mr. and Mrs. C. L. Williamson, Mr. and Mrs. Boyd Loper, Rev. J. Coy Williams, Miss Shelma Carlile, Henry McCormick, J. R. Sessions, Clyde Glazener, J. H. Benbrook and W. H. McSpadden were among those who attended the Wheelus funeral at Dew Thursday.

Pfc. Edwin L. Glazener of Baylor Medical School, Houston, and Raymond Bradley of Houston visited Mr. and Mrs. Franklin Glazener last weekend.

Mrs. W. F. Williamson and Miss Eloise Williamson of Corsicana were in Fairfield Thursday, and attended the funeral of Mrs. Fred Wheelus at Dew.

Cpl. Wilson Lee Sims, Camp Barkley, was in Corsicana to spend Sunday with his parents, Mr. and Mrs. R. L. Sims.

Information From Navarro County Rationing Board

New OPA community ceiling price posters have been mailed to grocery stores from the Dallas OPA headquarters, according to W. A. Wright, chairman of the local War Price and Rationing board.

Corsicana and Navarro County grocers who did not receive the posters may secure them from the ration board office in Corsicana.

The chart has the following new listings: cereals, cereal drinks; chocolate; corn grits; crackers; dog and cat food; honey; mayonnaise and salad dressing; olive oil; rice, spices and tea.

Sugar stamp 38 must last through Christmas, according to latest information received at the War Price and Rationing Board office.

Sugar is still critically short and the Department of Agriculture reports that the situation will remain tight, W. A. Wright said.

Owing to the cancellation by the army and navy of all their orders for rubber footwear, manufacturers can now turn their entire production to civilian footwear and produce enough to cover free demand, the local war price and rationing board has been notified.

Rubber footwear rationing has therefore been terminated.

Mrs. Ted Ferguson of Dallas, former resident of Corsicana, has been elected recording secretary of the Lyceum Club of Dallas, which sponsors an outstanding series of lectures and other entertainments each year.

"A Heart Like Mine" by Deventer was Miss Sarah McMullan's vocal contribution to the worship service at First Presbyterian church on Sunday morning.

GFWC Makes Call For 50,000 Decks New Playing Cards

Through Mrs. LaFell Dickinson of Washington, D. C., president of the General Federation of Women's Clubs comes a call for 50,000 sets of playing cards, or used ones that are in good condition. These cards are wanted for the use of servicemen on the trains, and are being assembled for Recreation Services, Inc.

Millions of servicemen will be transported across the country during the coming months, and the Federation aims to assist in supplying them with cards.

Those who have new or used playing cards in good condition are urged to send them to General Federation Headquarters, 1734 N. Street, N. W., Washington, D. C., and they will be transmitted immediatelp to Recreation Services, Inc., stated Mrs. Dickinson in her recent appeal.

Lord Haw Haw Must Stand Trial Before Court In Britain

LONDON, Sept. 17.—(AP)—William Joyce, "Lord Haw Haw" of the German radio, failed today to get out of standing trial for high treason by a plea that he never was a British subject.

After his counsel contended there was no case to go to the jury, Mr. Justice Tucker, sitting in scarlet robes in Old Bailey, ruled:

"There is some evidence which, if uncontradicted, would entitle the jury to come to the conclusion that this man is a British subject."

Sir Hartley Shawcross, the attorney general, and two assistant prosecutors required only half a day to present their case, after Joyce pleaded innocent at the opening of the trial.

ROSTER OF SCHOOLS ELIGIBLE COMPETE CONFERENCE AA AND A

THERE ARE 103 CONFERENCE AA SCHOOLS AND 269 IN CONFERENCE A

AUSTIN, Sept. 15.—(AP)—The Interscholastic League today announced the roster's of schools eligible to participate in conference AA and conference A competition this year.

There were 103 schools in conference AA and 269 in conference A, said Rodney J. Kidd, athletic director.

In the 1944 season, 269 schools were listed in conference A, and 105 in conference AA Conroe and Port Neches, in conference AA last year, have transferred to conference A this year.

Four schools are resuming football participation for the 1945 season: Throckmorton in District 11; Deport, in District 19; Canton in District 18, Caldwell, in District 33.

Spearman, in District 2, is resuming football this year, and has transferred from conference B to conference A, and Andrews, in District 6, is doing likewise. Sundown, in District 6, is transferring to conference A from a six-man conference.

Changes in conference AA, other than the loss of Conroe and Port Neches, were the transfer of Henderson from District 12 to District 11, and Athens from District 11 to District 12.

Conference AA schools (by districts:)

1. Amarillo, Borger, Brownwield, Lubbock, Pampa, Plainview.
2. Childress, Electra, Graham, Cisney, Quanah, Vernon, Wichita Falls.
3. Abilene, Big Spring, Lamesa, Midland, Odessa, San Angelo, Sweetwater.
4. Austin (El Paso), Bowie (El Paso), El Paso, Ysleta.
5. Bonham, Denison, Gainesville, Greenville, Paris, Sherman.
6. Arlington, Denton, Highland Park (Dallas), McKinney, Sulphur Springs.
7. Amon Carter-Riverside (Ft. Worth), Arlington Heights (Fort Worth), Fort Worth Technical, Masonic Home (Fort Worth), North Side (Fort Worth), Paschal (Fort Worth), Polytechnic (Fort Worth.)
8. Crozier Technical (Dallas), Forest Avenue (Dallas), North Dallas, Sunset (Dallas), W. H. Adamson (Dallas), Woodrow Wilson (Dallas.)
9. Breckenridge, Brownwood, Cisco, Mineral Wells, Ranger, Stephenville, Weatherford.
10. Bryan, Cleburne, Corsicana, Ennis, Hillsboro, Temple, Waco, Waxahachie.
11. Gladewater, Henderson, Kilgore, Longview, Marshall, Texarkana, Tyler.
12. Athens, Jacksonville, Livingston, Lufkin, Nacogdoches, Palestine
13. Charles H. Milby (Houston), Jefferson Davis (Houston), John H. Reagan (Houston), Sam Houston (Houston), San Jacinto (Houston), Stephen F. Austin (Houston.)
14. Beaumont, Galveston Goose Creek, Orange, Port Arthur, South Park (Beaumont.)
15. Austin, Brackenridge (San Antonio), Corpus Christi, Kerrville, Laredo, San Antonio Vocational and Technical, Thomas Jefferson (San Antonio.)
16. Brownsville, Edinburg, Harlingen, Kingsville, McAllen, Robstown, San Benito.

Robert Doyle Green Underwent Operation

Robert Doyle Green, seaman, first class, son of Mr. and Mrs. C. B Green of Rice, underwent an operation on his arm recently in the Naval Hospital, Farragut, Idaho.

Green, who had served overseas three years on August 24, arrived in the states five weeks ago. He is in the Armed Guards branch of the Navy.

Green was at home on survivor's leave last November. He lost three ships during his Pacific service.

S. E. Gideon of Dallas, former Corsicana eductor, was a recent visitor in the A. G. Elliott home.

Upon hearing what God told him to do to become free of his leprosy. Naaman rebelled at God's plan and substituted his own. He couldn't have a bigger mistake.

God's prophet told him to dip himself seven times in Jordan, but Naaman became angry and said, "Behold I thought...." and gave his own version of how he expected God to heal him. He became angry because God didn't propose to do it the way he thought he would.

Many are making Naaman's grave mistake by favoring their own plan to the Lord's. Commonly, people say, "I think this in religious matters," or, I don't think God will condemn anybody for doing that." It makes no difference what you and I think. Our thoughts are not God's thoughts, nor our ways His ways.

Standing before God in the Judgment, sorrowing souls will doubtless say, "I think ...." but it will do no good. It is not what we think, but GOD'S WILL that matters. It's better to make our salvation as sure as we can than to be sorry.

You are cordially invited to attend all services at West Side Church of Christ.

WEST SIDE

Church Of Christ

Corner West 2nd Avenue and 24th Street.

Problems of New World Considered District Seminar

Problems of the new world were considered by 100 women of the Corsicana District Seminar meeting Friday at the First Methodist church, Corsicana. Mrs. R. W. Williford of Wortham, district secretary, presided.

Fall and spring study books were outlined by the speakers, and a membership campaign was stressed by Mrs. Gib Bryan, Central Texas Conference president.

Mrs. Williford's resignation as district secretary has been accepted with regret. Mrs. J. S. Murchison thanked her for her splendid work. Mrs. Williford has moved to Fairfield, and will be in the Texas Conference.

The opening hymn, "Oh Master Let Me Walk With Thee," with Mrs. Milton Sladen as accompanist was followed by a devotional on "The Tests of Brotherhood" by Mrs. George Steinman of Tehuacana.

Mrs. J. V. Baird, Christian social relations secretary, talked on "Families in a New World Order" and Mrs. Bryan discussed the fall study book, "The Church Among Uprooted Americans."

"The Fatherhood of God" was the topic of the secretary of missionary education, Mrs. Joel Hooper of Lorena.

In the afternoon session, following luncheon, Mrs. Williford gave highlights of the spring study book, "Africa." Mrs. Bryan voiced an appeal for missionaries in her speech, "The Deep Need of the Woman's Society of Christian Service."

Mrs. C. M. Session of Rockdale was a visitor from the Texas Conference.

NEW OFFICERS OF SALVATION ARMY IN CHARGE WORK HERE

Major and Mrs. William Carter arrived this week from Abilene, Texas, to take charge of the local work of the Salvation Army. Previous to coming to Corsicana, they were in charge of the work in Abilene for four years.

Major and Mrs. Carter have given more than thirty-five years in the service of the Salvation Army. They are members of the Long Service Order, which is composed of officers who have given more than twenty-five years of service.

There are four sons, two in the service of their country and one a Salvation Army officer in charge of the local work in Louisville, Kentucky. The youngest boy lives at home. The eldest son married the former Lieutenant Juanita Mason who was stationed with Major and Mrs. Van Sweden here in 1940.

The Major is a member of the Rotary Club, Knife and Fork club, Odd Fellows and the Gideons, before coming to Corsicana.

In the welcome meeting on Sunday at the Citadel, 215 West Collin, the young son of Captain and Mrs. Carter of Louisville, will be dedicated. He is the fourth generation of the Salvation Army in the Carter family.

Major and Mrs. Carter are succeding Captain and Mrs. Hoyt Smith who left this week to take charge of the work in Paris.

BLOOMING GROVE SCHOOLS FACULTY FOR COMING TERM

BLOOMING GROVE, Texas, Sept. 14—The following faculty is in charge of the local school that opened its Fall term Monday, Sept. 10:

Mrs. Ruth Ramsey, English; Mrs. Miller Reid, history; W. P. Orme, science; Supt. J. T. Black mathematics; Miss Opal Allmon, home making; Ralph Page, agriculture; Miss Dorothy Harcard, physical education and eighth grade; Mrs. Wanda Gillen, commercial and seventh grade; Miss Beatrice Prince, Spanish and sixth grade; Miss Ollie Campbell, fifth grade; Mrs. Hollis Pitts, fourth grade; Mrs. Lula Westbrook, third grade; Miss Elva Adair, second grade; and Mrs. Doris Gillen, first grade.

There were 326 scholastics enrolled and approximately 100 more are expected in the near future.

Racheal - - Remember; She Owns The YMCA

Rachel Ballew, colored maid, will observe her 26th anniversary with the YMCA Saturday.

She is almost as much of an institution as the red triangle which is the Y's symbol. She keeps the Y Dormitory, and is familiar with the likes and dislikes of each of its inhabitants, some of whom have been there almost as long as Rachel.

Mrs. Margaret Harris was in Dallas Sunday to attend a Beauty Clinic at the Adolphus Hotel.

SEEDING PAYMENT REQUIREMENTS ARE STATED BY DILLARD

Navarro county farmers in order to be eligible for payment for seeding any crops for a winter cover crop must obtain approval of the county committee prior to seeding, according to announcements made by Navarro county ACA Secretary Edmond D. Dillard.

Securing seed through the AAA will automatically give the county committee's approval for the seeding of the crop, Dillard said, but he pointed out that if seed are purchased from a seed dealer it will be necessary to secure prior approval of the committee before the seeding is begun in order to be eligible for payment.

The prior approvals necessary may be obtained by letter or by calling in person at the ACA office in Corsicana.

Dillard listed the following winter cover crops practices as having been approved:

Establishing a satisfactory cover of winter legumes seeded in the fall of 1945. (Payment rate for Austrian Winter peas 6.05 cents per pound; payment rate for hairy vetch 14.25 cents per pound.)

Establishing a satisfactory cover crop of rye grass seeded on cropland or in orchards in the fall of 1945. (Payment rate 7.75 cents per pound.)

CORSICANA NAVAL OFFICER WITNESSES ISLAND SURRENDER

Lieut. Comdr. Frank M. Keathley, Corsicana, Texas, commanding officer of the destroyer escort USS McConnell, witnesses the surrender of Paluit Atoll in the Marshalls, Sept. 5, 1915, when the American flag was raised over that Japanese capital of the Marshall Islands, according to a press release received from the commander of the Marshalls-Gilberts area. The flag-raising ceremony was carried out a few hours after its garrison of 2,000 men surrendered unconditionally to the United States.

The formal surrender took place aboard the ship commanded by Keathley with Rear Adm. W. K. Harrell, acting for Fleet Admiral Chester W. Nimitz, accepted the surrender of Rear Adm. Nisuke Masuda, Jap atoll commander.

Commander Keathley, the son of Mr. and Mrs. H. W. Keathley, Corsicana, has seen service in both the Atlantic and Pacific theatres. A graduate of Corsicana High school and ex-student of North Texas State Teachers College, Denton, and the University of Texas, Austin, he was in charge of a gun crew on a merchant ship when the ship was sunk in the Atlantic early in the war.

Following his rescue a few days later, his crew on another Allied Nations merchant ship destroyed a German submarine, believed to be the same underwater craft that had sent Keathley's first ship to the bottom. After patroling in the South Atlantic for many months, Keathley was then sent to the Pacific area.

Six-Man Football Loop Is Expected

Six-man football practice was started this week at Rice High School under the direction of Superintendent C. O. Slaughter. The Rice six has entered the six-man conference as has Richland and Palmer school in this immediate area.

Slaughter thinks that Emhouse and Powell, former entrants in the six-man league, and possibly other smaller schools in this section will be in the same district.

Many Household Appliances to End Drudgery Coming

If forecasts are true, it won't be long until Mliady can keep house almost without turning a hand or lifting a finger. This may be a slight exaggeration as there are still a few things about the house that machines cannot do. In fact, the machines are not yet on the store shelves. But the really difficult chores of housework have been conquered by modern science. Machines to do them are proven facts, already in the production lines of manufacturers. And it may be only a matter of weeks now until one can just step into a store and purchase many of these much-discussed appliances.

When at last they are available, it is going to be almost fun to keep house.

The electric stove will turn itself on at a pre-determined hour in the morning and fry the bacon that Mliady left in the pan last night.

The percolator will go to work by itself, make the coffee, and then shut off just enough to keep that odorous brew at a drinkable 190 degrees.

Have to Butter Bread.

Bread will feed down through the electric toaster all by itself. Though, thus far, you still have to butter it yourself and lift it to your mouth.

After breakfast, just scrape the leavings into the garbage disposal unit, which will chew them up and wash them into the sewer. Then stack the dishes in the sink. There they'll wash and dry themselves.

Breakfast is over; the dishes have washed themselves. But it's Monday morning—wash day.

So what? You just toss a little soap powder into the automatic washer, which itself draws the exact amount of water it needs. You toss in some clothes and open the latest best-seller at page 201, where you left it the day before. In perhaps 20 minutes the clothes are washed, rinsed and three-quarters dried.

No Automatic Ironer.

There's still ironing to be done. There isn't yet any machine that will iron Dad's shirts automatically. You run through flat work on a cool electric ironer that is probably built into the breakfast of utility table. For shirts, lingerie and such items, you use a featherweight iron that sprays onto the articles just enough steam to save your having to sprinkle them, and prevent them from getting shiny from ironing.

Having completed all her chores by noon, Mliady can rest up from her arduous labors under a sun lamp that will preserve that golden tan picked up on the beach.

State Home Lads To Play Six Home Games

Six of the nine District 18-B Interscholastic league, games on the 1945 schedule of the State Home Lads will be staged at night on Garitty Field, State Home, according to an announcement during the week-end. Three of the tilts will be on the road.

The home-making department is scheduled to entertain the Lads Friday night with a steak fry following the opening game of the season against the Blooming Grove Lions here.

Coach Charles C. Irby announced there will not be any practice or non-conference games this fall.

The schedule:

Sept. 21—Blooming Grove at Garitty Field.
Sept. 28—Coolidge at Garitty Field.
Oct. 5—Trinidad at Garitty Field.
Oct. 12—Stathe Home at Kerens.
Oct. 19—State Home at Dawson.
Oct. 26—Frost at Garitty Field.
Nov. 2—Mildred at Garitty Field.
Nov. 9—Hubbard at Garitty Field.
Nov. 17—State Home at Wortham.

NAVARRO COUNTY FOOTBALL TEAMS OPEN CAMPAIGNS

Football starts in earnest for Navarro county and Central Texas teams next week end.

District 10-AA clubs will play no conference engagements while District 18-B opens the season in that classification.

Corsicana Tigers open their season at Mexia against the Class A Mexia Black Cats. While the two teams are in different interscholastic league circles that circumstance does not detract from the competition between these traditional athletic foes.

Mexia formerly was in District 10-AA but a lowered classification caused the Felines to be dropped too the Class A circles. Corsicana will doubtless have her hands full as the Limestoone county lads always fight a little harder against the Navarro boys.

Waco Tigers, defending district champions, will entertain the Jeff Davis eleven from Houston while the Temple Wildcats go to San Antonio to oppose the Thomas Jefferson eleven. Masonic Home (Fort Worth) plays the Eagles in Hillsboro.

Five conference games are scheduled in District 18-B. They are:

Mildred vs. Kerens.
Wortham vs. Hubbard.
Dawson vs. Trinidad.
Blooming Grove at State Home (Corsicana.)
Frost vs. Coolidge.

Sites of the games were not indicated in the schedule adopted last spring at a meeting of the executive committee.

Holiday Announced For Public Schools

Corsicana public schools will observe a holiday next Friday, which has been officially declared School Day at the Corsicana Agricultural and Livestock Show.

All students, on that day, will be admitted to the Fair free, according to E. C. Mueller, manager.

County schools likewise will dismiss classes next Friday, J. C. Watson, county superintendent, has announced.

On Tuesday ,the opening day of the Fair, classes in the city schools will run continuously until 1 p.m., making a full day's schedule possible and enabling students to attend the parade at 3 o'clock, W. H. Norwood, superintendent, announced this morning.

Six Cases of Gonorrhea.

Morbidity report for Navarro County during the past week as reported by the Corsicana-Navarro Health Department is as follows

Gonorrhea, 6; syphilis, 3; and tuberculosis, 1. Elsewhere in the state, a marked increase in dysentery was noted.

Sun Want Ads Bring Results.

Sixteenth Case Polio Reported Navarro County

Another case of poliomylitis, the second within the week, was announced Saturday morning by Dr. Will Miller, acting director of Corsicana-Navaro Health Depatment.

The nine-year-old victim lives on West Third avenue and is not thought to be in a serious condition, although he is considerably more affected than the six-year-old lad on East Twelfth who was reported earlier in the week.

The new case of polio brings Navarro county's total to 16 for the year.

Dr. Miller urged the public to continue observing strict sanitary rules and regulations.

Rice School Term Was Opened Monday

Rev. D. D. Geddie of Corsicana, district Baptist missionary, delivered the principal address at the opening program for the Rice schools Monday morning, Sept. 10. There were 116 enrolled in the school. C. O. Slaughter, superintendent, states one additional high school teacher is needed.

Members of the Rice faculty are Mrs. Mary Kate Herrin, first and second grades; Mrs. Jimmie Bledsoe, third and fourth grades; Mrs. Nadine Baldwin, fifth and sixth grades; Miss Mary Nell Davis, seventh and eighth grades and science; Mrs. Marie Grubbs, English; C. O. Slaughter, commercial, mathematics and coach.

MANY ENGAGEMENTS OF BATTLESHIP ARE RECITED IN LETTER

Many of the engagements of the U. S. S. California, 24-year-old veteral battleship, in the Pacific area against the Japanese are described in a letter from Orbin C. Vest, s-1c, U. S. Navy, in a letter to his parents, Mr. and Mrs. R. H. Vest of Purdon, Route 1. Seaman Vest has been in the Navy since May, 1943, and has been on the California crew since September 1, 1942. He attended Corsicana school in 1939.

The California was one of the grievously damaged U. S. ships at Pearl Harbor, Dec. 7, 1941, when hit by two torpedoes. After repairs, the big ship again took to sea and traveled 80,000 miles of war-time cruising, participated in six amphibious operations and did considerable minesweeping work off the coast of China.

Miss Blanche McKie has returned from Mexico City where she spent the summer.

DISCHARGED MEN SEEKING JOBS ARE ON INCREASE HERE

Principal local demands for labor seek unskilled men. It has been revealed at the local United States Unemployment service office for the week of Sept. 6-12. A total of 62 new applications for employment were listed with 39 referred to jobs. Fourteen were hired and 12 are pending, according to information from the employment office. There are 257 jobs available at the local office with 47 employers requesting workers.

"In-migrants and discharged service men constitute the major portion of new applications for work," it was stated, with a 20 percent increase in new claims for unemployment compensation the past two weeks as compared with the preceding two weeks period.

Requests Doubled

Total employers requesting workers more than doubled that of the previous week, a statement from the local USES office revealed, but workers are still reluctant to accept jobs at prevailing wages offered, and are scouting around for higher offers, or more "take home" pay. The statement said that Corsicana employers are cooperating wholeheartedly in making job offers to returning service men.

Many displaced war workers who have acquired certain skills in war plants during the past two or three years are unwilling to accept jobs with lesser skills, and the same thing applies to discharged service men who were trained in technical military skills, the statement continued.

"More local jobs are listed with the USES and by more employers, than we have had in many months, but few 'takers'", the announcement concluded.

Sam H. Burnett is Now With Braniff Airways

Sam H. Burnett, ex-service man, has recently accepted a position with the Brainiff Airways, Inc., and will serve in the capacity of an apprentice mechanic at Dallas, according to announcement. Burnett, a former Corsicana High school football player, is the son of Dr. and Mrs. S. H. Burnett of Corsicana. Burnett saw considerable service overseas.

Employees of the local Farm Security Administration office who have been working on a 44-hour week schedule went on the 40-hour week basis Saturday, L. O. Wright, rural FSA supervisor, announced.

Mrs. Edward E. Kilgore left today for Kansas City, Mo., to join her husband, Major Kilgore, who is now connected with the Trans-Continental-Western Air Lines.

FSA on 40-Hour Week.

New Public Health Nurse To Arrive Here Next Month

Miss Lila Rutherford, public health nurse, senior class, will arrive October 1 to join the staff of the Corsicana-Navarro Health Department, Dr. Will Miller, acting director, said Saturday.

Miss Rutherford, who holds a MPh. degree from the University of Michigan, is the first senior class nurse to be associated with the local unit.

She has been connected with the State Department of Health for some time.

Miss Rutherford's mother lives in Navarro county.

McDonald, third grade; Mrs. Harry Conner, fourth grade; Miss Althea Taylor, fifth grade; Miss Lucille Middleton, sixth grade; Miss Lula Huckabe, English; Mrs. R. V. Davis, history; W. J. Moore, agriculture; Mrs. R. L. Waller, Spanish and mathematics; Ray L. Waller, superintendent.

Receives Message Nephew Liberated

Mrs. M. E. Savage has just received a cablegram from her nephew, Pfc. Harry Steen, in Manila, that he is well and safe and is on his way home. Pfc. Steen was a member of the Coast Artillery and saw service on Bataan before the fall of that sector to the Japs in 1942. He has been in a prison camp near Tokyo.

TRACTOR AND IMPLEMENT TIRES
---RATION FREE---

For
- POSITIVE CLEANING
- MAXIMUM TRACTION
- LONGER LIFE

● Of all the tractor tires tested by Firestone engineers it was found that no other tire matches the drawbar pull of the Firestone Ground Grip. Ground Grips provide as much as 16% more pull than any other make. To use Ground Grips means greater production in less time.

Come in . . . let Us Help You Make Out an Application for a Tire Rationing Certificate

Mr. Extra Traction represents the Extra Bar Length that gives Superior Pulling Power to FIRESTONE GROUND GRIP TRACTOR TIRES.
